**INDEPENDENT AUDITORS REPORT ON COMPLIANCE AND ON INTERNAL  
CONTROL OVER FINANCIAL REPORTING BASED ON AN AUDIT OF  
FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH  
GOVERNMENT AUDITING STANDARDS**

**To The Board of Directors**  
**Louisiana Housing and Community**  
**Development Corporation (LHCDC)**  
**New Orleans, LA 70113**

We have audited the financial statements of LHCDC as of and for the year ended December 31, 2005 and have issued our report thereon dated August 17 2006. We conducted the audit in accordance with the *U.S. Generally Auditing Standards* and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

**COMPLIANCE**

As part of obtaining reasonable assurance about whether LHCDC financial statements are free of material misstatements, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*.

**INTERNAL CONTROL OVER FINANCIAL REPORTING**

In planning and performing our audit, we considered Louisiana Housing and Community Development Corporation internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control over financial reporting. However, we noted certain matters involving the internal control over financial reporting and its operation that consider being reportable conditions. Our consideration of the internal control over financial reporting would not

necessarily disclose all matters in the internal control over financial reporting that might be a material weakness. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in the amounts that would be material in relation to the financial **statements** being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be a material weakness.

This report is intended for the information of the Board and management of LHCDC, and the Legislative Auditor's of the State of Louisiana, and is not intended to be used by anyone other than these specified parties. However, under Louisiana Revised Statute 24:513, this report is distributed by the Legislative Auditor as public document.
