Certified Public Accountants

#### Independent Auditor's Report

Mr. Charles M. Reid, District Defender Office Of Twenty-First Judicial District Public Defender Amite, Louisiana

#### **Report on the Audit of the Financial Statements**

#### **Opinion**

We have audited the accompanying financial statements of the governmental activities and the general fund of the Office Of Twenty-First Judicial District Public Defender, Amite, Louisiana, as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the Office Of Twenty-First Judicial District Public Defender's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the governmental activities and the major fund of the Office Of Twenty-First Judicial District Public Defender as of June 30, 2022, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the financial Statements section of our report. We are required to be independent of the Office Of Twenty-First Judicial District Public Defender (the Public Defender) and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Public Defender's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

#### Auditor's Responsibility for the Audit of the Financial Statements

Our objective is to obtain reasonable assurance about whether the basic financial statements as a whole are free of material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and Government Auditing Standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Public Defender's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Public Defender's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis (pages 7 through 13), budgetary comparison information (page 44), and pension information (pages 45 and 46) be presented to supplement the basic financial statements. Such information, although not a part of the basic

financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquires of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquires, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Public Defender's basic financial statements. The schedule of compensation, benefits, and other payments to agency head or chief executive officer and the justice system funding schedule – receiving entity, listed as other supplementary information in the table of contents, are presented for purposes of additional analysis and are not a required part of the basic financial statements of the Public Defender.

The schedule of compensation, benefits, and other payments to agency head or chief executive officer and the justice system funding schedule – receiving entity are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of compensation, benefits, and other payments to agency head or chief executive officer and the justice system funding schedule – receiving entity are fairly stated in all material respects in relation to the financial statements as a whole.

#### Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated February 28, 2023, on our consideration of the Office Of Twenty-First Judicial District Public Defender's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Governmental Auditing Standards* in considering the Public Defender's internal control over financial reporting and compliance.

Required Supplemental Information (Part I) Management's Discussion and Analysis

Management's Discussion and Analysis As Of and For the Year Ended June 30, 2022

#### Introduction

The Office of Twenty-First Judicial District Public Defender (the "Public Defender") is pleased to present its Annual Financial Report developed in compliance with Governmental Accounting Standards Board Statement No. 34, *Basic Financial Statements – Management's Discussion and Analysis – For State and Local Governments* (GASB 34), and related standards.

The Public Defender's discussion and analysis is designed to (a) assist the reader in focusing on significant financial issues, (b) provide an overview of the Public Defender's financial activity, (c) identify changes in the Public Defender's financial position, (d) identify any significant variations from the Public Defender's financial plan, and (e) identify individual fund issues or concerns.

As with other sections of this financial report, the information contained within this Management's Discussion and Analysis should be considered only a part of a greater whole. The readers of this statement should take time to read and evaluate all sections of this report, including the footnotes and the other Required Supplemental Information ("RSI") that is provided in addition to this Management's Discussion and Analysis.

#### Financial Highlights

- At June 30, 2022, the Public Defender's assets exceeded its liabilities by \$1,567,778 (net position). Of this amount \$1,555,316 (unrestricted net position) may be used to meet the Public Defender's ongoing obligations to provide services to citizens.
- At June 30, 2022, the Public Defender reported an ending fund balance of \$1,153,851, a decrease of \$141,565 for the year. \$1,124,375 of this amount is available for spending at the Public Defender's discretion.
- For the year ended June 30, 2022, the Public Defender's total debt increased by \$13,670 or approximately 10.00% due primarily to the increase of the lease payable.
- Investment income for the year ended June 30, 2022 was \$2,560, an increase of \$868.

Management's Discussion and Analysis As Of and For the Year Ended June 30, 2022

#### **Overview of the Annual Financial Report**

The Management's Discussion and Analysis is intended to serve as an introduction to the Public Defender's basic financial statements, which consist of the following components:

- 1. Government-Wide Financial Statements
- 2. Fund Financial Statements
- 3. Notes to the Financial Statements
- 4. Other Supplementary Information, which is in addition to the basic financial statements themselves.

#### **Government-Wide Financial Statements**

The government-wide financial statements are designed to provide readers with a broad overview of the Public Defender's finances in a manner similar to a private-sector business.

The Statement of Net Position presents information on the Public Defender's assets and liabilities using the accrual basis of accounting, in a manner similar to the accounting used by private business enterprises. The difference between the assets and liabilities is reported as net position. Over time, the increases or decreases in net position and changes in the components of net position may serve as a useful indicator of whether the financial position of the Public Defender is improving or deteriorating.

The Statement of Activities presents information showing how the Public Defender's net position changed during the most recent fiscal year, focusing on both the gross and net costs of various activities that are supported by the Public Defender's various revenues. This is intended to summarize and simplify the reader's analysis of the cost and/or subsidy of various governmental services.

The government-wide financial statements can be found on pages 15 and 16 of this report.

#### **Fund Financial Statements**

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Public Defender, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related and legal requirements. The Public Defender uses a single category of funds to account for financial transactions: governmental funds. Traditional users of governmental financial statements will find the fund financial statements presentation more familiar.

Management's Discussion and Analysis As Of and For the Year Ended June 30, 2022

Governmental funds are used to account for all the Public Defender's basic services. However, unlike the government-wide financial statements, governmental fund financial statements focus on how money flows into and out of those funds and the balances that are left at year-end that are available for spending. These funds are reported using the modified accrual basis of accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the Public Defender's general government operations and the basic services it provides. Governmental fund information helps to determine whether there are more or fewer financial resources that can be spent in the near future to finance the Public Defender's programs. The basic governmental fund financial statement can be found on pages 18 and 20 of this report.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, there are differences in the information presented for government funds and for governmental activities in the government-wide financial statements. Review of these differences provides the reader of the financial statements insight on the long-term impact of the Public Defender's more immediate decisions on the current use of financial resources. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures and changes in fund balances provide a reconciliation immediately following the fund financial statements to facilitate this comparison between governmental funds and governmental activities. Also, see Note 1.E. for a similar reconciliation.

#### **Notes to the Financial Statements**

The notes to the financial statements provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 23 through 42 of this report.

#### **Government-Wide Financial Analysis**

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. The following table provides a summary of the Public Defender's net position for the current year as compared to the prior year. For more detailed information, see the Statement of Net Position on page 15 of this report.

Management's Discussion and Analysis As Of and For the Year Ended June 30, 2022

#### Statement of Net Position June 30, 2022 and June 30, 2021

	2022	2021	\$ Change	% Change
Assets:				
Current and Other Assets	\$ 2,803,120	\$ 1,998,414	\$ 804,706	40%
Capital Assets	37,959	14,689	23,270	158%
Total Assets	2,841,079	2,013,103	827,976	41%
Deferred Outflows of Resources	306,273	493,822	(187,549)	-38%
Liabilities:				
Current Liabilities	128,401	133,384	(4,983)	-4%
Long-Term Liabilities	18,653		18,653	100%
Total Liabilities	147,054	133,384	13,670	10%
Deferred Inflows of Resources	1,432,520	1,179,708	252,812	21%
Net Position:				
Net Investment in Capital Assets	12,462	14,689	(2,227)	-15%
Restricted	-	-	-	0%
Unrestricted	1,555,316	1,179,144	376,172	32%
Total Net Position	\$ 1,567,778	\$ 1,193,833	\$ 373,945	31%

Approximately .8% of the Public Defender's net position reflects its investment in capital assets (land, buildings, furniture, and equipment) net of any outstanding debt used to acquire those assets. These capital assets are used to provide services to citizens and do not represent resources available for future spending.

Approximately 99.2% of the Public Defender's net position is unrestricted and may be used to meet the Public Defender's ongoing obligations to its citizens at the Public Defender's discretion.

At the end of the current fiscal year, the Public Defender was able to report positive balances in its sole category of net position, governmental activities. The same held true for the prior fiscal year.

The Public Defender's activities increased its net position by \$373,945; the increase is mainly attributable to the increase in the net pension asset.

Management's Discussion and Analysis As Of and For the Year Ended June 30, 2022

In order to further understand what makes up the changes in net position, the following table provides a summary of the results of the Public Defender's activities for the current period as compared to the prior year. An analysis of the primary sources of these changes follows the table. For more detailed information, see the Statement of Activities on page 16 of this report.

Changes in Net Position
For The Year Ended June 30, 2022 and the Year Ended June 30, 2021

		2022	2021		\$ Change	% Change

Net Position, Beginning of Year	_	1,193,833	 225,144		968,689	430%
Net Position, End of Year	\$	1,567,778	\$ 1,193,833	\$	373,945	31%

Management's Discussion and Analysis As Of and For the Year Ended June 30, 2022

#### **Governmental Activities**

The Public Defender's governmental net position increased by \$373,945, or by 31% of the prior year ending net position, to \$1,567,778. General revenues decreased by \$9,365 while program revenues decreased by \$976,997, and expenses decreased by \$391,618; however, total revenues exceeded total expenses causing the net increase in changes in net position.

The decrease in revenues noted above is primarily due to decreases in state funding.

#### **Fund Financial Analysis**

As noted earlier, the Public Defender uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

#### **Government Funds**

The focus of the Public Defender's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the Public Defender's financing requirements. In particular, unreserved fund balance may serve as a useful measure of the Public Defender's net resources available for spending at the end of the year. The basic governmental fund financial statements can be found on pages 18 and 20 of this report.

At the end of the current year, the Public Defender reported an ending fund balance of \$1,153,851. This represents a decrease of \$141,565 or 10.92% of the prior year's ending balance.

#### Major Governmental Fund Budgetary Highlights

The Public Defender followed the provisions of LSA-R.S. 39:1307 in preparing and adopting a budget for the year ended June 30, 2022. The original budget was advertised and a public hearing was held as required. Actual revenues were 2.83% above anticipated results and actual expenditures were favorably within budgeted amounts by 6.74%.

The Public Defender is not expecting any significant changes in operations and services in the future, and next year's activities are expected to be stable and similar to the current period.

#### **Capital Assets and Debt Administration**

#### Capital Assets

The Public Defender's investment in capital assets for its governmental activities as of June 30, 2022, amounts to \$12,955 (net of depreciation). Asset (net) purchases were \$2,652. The total decrease in the Public Defender's investment in capital assets for the current fiscal year

Management's Discussion and Analysis As Of and For the Year Ended June 30, 2022

was \$2,277 (net of depreciation).

The following table provides a summary of the Public Defender's capital assets at the end of the current year as compared to the prior year. For more detailed information see Note 6 to the financial statements on page 31 of this report.

	Governmental Activities			
	2022		2021	
Equipment	\$	127,536	\$	156,694
Furniture		23,409		23,409
	\$	150,945	\$	180,103

#### Long-Term Debt

At June 30, 2022, the Public Defender had no long-term debt outstanding (from loans or borrowings), nor did it have any as of June 30, 2021. The Public Defender entered into a lease of an automobile with a non-current lease payable of \$18,653 as of June 30, 2022.

#### **Contacting The Public Defender's Financial Management**

This financial report is designed to provide the Public Defender's users with a general overview of the Public Defender's finances and show the Public Defender's accountability for the money it receives. Questions regarding this report or requests for additional information should be addressed to Office of Twenty-First Judicial District Public Defender, Post Office Box 1004, Amite, Louisiana 70422.

And Changes In Fund Balances Of Governmental Fund
To The Statement Of Activities
Year Ended June 30, 2022

Total Net Change In Fund Balances, Governmental Fund

\$ (141,565)

Amounts reported for governmental activities in the statement of activities are different because:

Capital outlays are reported in governmental funds as expenditures. However, in the statement of activities, the cost of these assets is allocated over their estimated useful lives as depreciation and amortization expenses.

These differences consist of:

Capital outlay	2,652	
Amortization expense	(4,270)	
Depreciation expense	(4,386)	(6,004)

Repayment of lease obligations is an expenditure in the governmental fund, but the repayment reduces long-term liabilities in the statement of net position.

Repayments of lease liability

3,777

Net pension expense is reported in governmental funds as expenditures as they are paid; however, in the statement of activities the net pension expense is reported according to estimates required by GASB 68:

Pension expenses paid	251,776	
Pension expense (benefit) per GASB 68	(265,961)	517,737

Change In Net Position, Governmental Activities

\$ 373,945

**Basic Financial Statements Notes to the Financial Statements** 

Notes to the Financial Statements As Of and For the Year Ended June 30, 2022

#### Introduction

The Office of Twenty-First Judicial District Public Defender (hereinafter referred to as "Public Defender"), was established in compliance with Louisiana Revised Statutes 15:141-149, to provide and compensate counsel appointed to represent indigents in criminal and quasi-criminal cases on the district court level. The Public Defender has both full and part-time employees. In August 2007, the Louisiana Public Defender Act (Act 307) passed the Louisiana Legislature creating the Louisiana Public Defender Board which has the supervisory responsibilities over the Public Defender.

#### 1. Summary of Significant Accounting Policies

#### A. Basis of Presentation

The accompanying basic financial statements of the Office of Twenty-First Judicial District Public Defender have been prepared in conformity with governmental accounting principles generally accepted in the United States of America. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The accompanying basic financial statements have been prepared in conformity with GASB Statement 34, Basic Financial Statements-and Management's Discussion and Analysis—for State and Local Governments, issued in June 1999.

#### **B.** Financial Reporting Entity

For the financial reporting purposes, in conformance with GASB Codification Section 2100, the Public Defender is a part of the district court system of the State of Louisiana. The Public Defender has the responsibility for the hiring and retention of employees, authority over budgeting, responsibility for deficits, and the receipt and disbursement of funds. The Public Defender is financially independent and operates autonomously from the State of Louisiana and independent from the district court system. Therefore, the Public Defender reports as a reporting entity, not as a component unit and the basic financial statements include only the transactions of the Public Defender.

#### C. Fund Accounting And Governmental Funds

The Public Defender uses funds to maintain its financial records during the year. Fund accounting is designed to demonstrate legal compliance and to aid management by segregating transactions related to certain Public Defender functions and activities. A fund is defined as a separate fiscal and accounting entity with a self-balancing set of accounts.

Notes to the Financial Statements As Of and For the Year Ended June 30, 2022

#### C. Fund Accounting And Governmental Funds (continued)

#### **Governmental Funds**

Governmental funds account for all of the Public Defender's general activities. These funds focus on the sources, uses, and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may be used. Current liabilities are assigned to the fund from which they will be paid. The difference between a governmental fund's assets and liabilities is reported as fund balance. In general, fund balance represents the accumulated expendable resources which may be used to finance future period programs or operations of the Public Defender.

The Public Defender reports the following governmental fund:

**General Fund** - The General Fund is the general operating fund of the Public Defender. It accounts for all financial resources, except those required to be accounted for in other funds. The General Fund is available for any purpose provided it is expended or transferred in accordance with state and federal laws and according to Public Defender policy.

#### D. Measurement Focus/Basis Of Accounting

#### **Fund Financial Statements (FFS)**

The amounts reflected in the General Fund are accounted for using a current financial resources measurement focus. With this measurement focus, only current assets and current liabilities are generally included on the balance sheet. The statement of revenues, expenditures, and changes in fund balances reports on the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources. This approach is then reconciled, through adjustment, to a government-wide view of Public Defender operations.

The amounts reflected in the General Fund use the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the Public Defender considers revenues to be available if they are collected within sixty (60) days after the year end. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to certain compensated absences and claims and judgments, are recorded only when payment is due. The governmental funds use the following practices in recording revenues and expenditures:

Notes to the Financial Statements As Of and For the Year Ended June 30, 2022

**Revenues** – Revenues are generally recognized when they become measurable and available as net current assets. Court costs are recorded when due. Substantially all other revenues are recorded when received.

**Expenditures** – Expenditures are generally recognized under the modified accrual basis of accounting when the related fund liability is incurred.

#### E. Government-Wide Financial Statements

The Statement of Net Position and the Statement of Activities display information about the Public Defender as a whole. These statements include all the financial activities of the Public Defender. Information contained in these statements is reported using the economic resources measurement focus and the accrual basis of accounting. Revenues, expenses, gains, losses, assets, and liabilities resulting from exchange or exchange-like transactions are recognized when the exchange occurs, regardless of the timing of related cash flows. Revenues, expenses, gains, losses, assets, and liabilities resulting from nonexchange transactions are recognized in accordance with the requirements of GASB Statement No. 33, Accounting and Financial Reporting for Nonexchange Transactions.

**Program Revenues** – Program revenues included in the Statement of Activities are derived directly from the Public Defender's users as a fee for services; program revenues reduce the cost of the function to be financed from the Public Defender's general revenues. Program revenues also include operating grants and funds received from local court systems in the district.

Notes to the Financial Statements As Of and For the Year Ended June 30, 2022

#### Reconciliation

The reconciliation of the items reflected in the governmental fund financial statements to the Statement of Activities (Statement B) and Statement of Net Position (Statement A) are as follows:

Statement F	_	
Capitalization of Capital Assets	\$	2,652
Recording of Depreciation/Amortization Expense		(8,656)
Repayment of lease liability		3,777
Pension Expenses Paid		251,776
Pension Expense (benefit) per GASB 68		(265,961)
Net Effect of Changes	<u>\$</u>	515,510
Statement D		
Deferred Outflows/Inflows	(	1,126,247)
Recording Net Capital Assets		12,462
Net Pension Asset		1,527,712
Net Effect of Changes	\$	413,927

#### F. Budgets and Budgetary Accounting

The Public Defender followed the provisions of LSA-R.S. 39:1307 in preparing, adopting, and amending a budget for the year ended June 30, 2022. The original budget was advertised and a public hearing was held as required.

Formal budgetary integration is not employed; however, periodic budget comparisons are made a part of interim reporting. Budgeted amounts included in the accompanying financial statements are the original and final adopted budget amounts.

#### G. Cash And Cash Equivalents

The Public Defender's cash and cash equivalents include demand deposits, interest-bearing demand deposit and short-term investments with original maturities of three months or less from the date of acquisition. Under state law, the Public Defender may deposit funds in demand deposits, interest-bearing demand deposits, or time deposits with state banks organized under Louisiana law or any other state of the United States, or under the laws of the United States. Cash and cash equivalents are insured through the Federal Deposit Insurance Corporation.

Notes to the Financial Statements As Of and For the Year Ended June 30, 2022

#### H. Investments

Investments are limited by Louisiana Revised Statute (R.S.) 33:2955 and the Public Defender's investment policy. If the original maturities of investments exceed 90 days, they are classified as investments; however, if the original maturities are 90 days or less, they are classified as cash equivalents.

#### I. Capital Assets

Capital assets are capitalized at historical cost or estimated cost if historical cost is not available. Donated assets are recorded as capital assets at their estimated fair market value at the date of donation.

Capital assets are recorded in the Statement of Net Position. Since surplus assets are sold for an immaterial amount when declared as no longer needed for public purposes, no salvage value is taken into consideration for depreciation purposes. All capital assets, other than land, are depreciated using the straight-line method over the following useful lives:

Description	Estimated Lives
Machinery and equipment	5-10 years
Buildings and building improvements	20-40 years
Furniture and fixtures	5 years
Vehicles	5-10 years

#### J. Compensated Absences

Vacation and sick leave policies are set by the Public Defender. Employees receive four weeks vacation if continuously employed for ten years, three weeks vacation if continuously employed for five years, and two weeks if continuously employed for one year. Vacation leave does not accrue. Sick leave is accumulated at the rate of one day per month beginning with the first full month of employment. Sick leave may be accrued up to a maximum of sixty days. Accrued sick leave will not be paid to an employee upon termination; therefore, no accruals for sick leave are reflected in these basic financial statements. The holidays designated as court holidays by the State Legislature are observed. While vacation leave does not accrue, the Public Defender records unused vacation leave at June 30<sup>th</sup>, the end of its fiscal year.

Notes to the Financial Statements As Of and For the Year Ended June 30, 2022

#### K. Current Year Adoption of New Accounting Standards

In June 2017, the GASB issued Statement No. 87, *Leases*. The new comprehensive leasing standard requires lessees to recognize a lease liability and a right-of-use (ROU) asset for nearly all leases, including operating leases, on its statement of net position. The new standard was effective for years beginning after June 15, 2021. See Note 7 for further discussion and information concerning the accounting policies for leases.

#### L. Long-Term Obligations

Other than liabilities related to lease liabilities and pension plan, there were no other long-term obligations at June 30, 2022.

#### M. Fund Equity

In the fund financial statements, governmental funds report reservations of fund balance for amounts that are not available for appropriation or are legally restricted by outside parties for use for a specific purpose. Nonspendable balance represents resources, generally, not in spendable form (such as prepaids). Committed or assigned amounts represent management's plans that are subject to change. Unassigned fund balance represents amounts available for any purpose.

The Public Defender's policy is to apply expenditures against nonspendable, restricted, committed, assigned and unassigned fund balances, in that order, at the end of the fiscal year by adjusting journal entry.

#### N. Restricted Net Position

For government-wide Statement of Net Position, net position is reported as restricted when constraints placed on net position use are either:

- 1. Externally imposed by creditors (such as debt covenants), grantors, or laws or regulations of other governments; or
- 2. Imposed by law through constitutional provisions or enabling legislation.

#### O. Extraordinary and Special Items

Extraordinary items are transactions or events that are both unusual in nature and infrequent in occurrence. Special items are transactions or events within the control of the Public Defender, which are either unusual in nature or infrequent in occurrence.

Notes to the Financial Statements As Of and For the Year Ended June 30, 2022

#### P. Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America require management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues, expenditures, and expenses during the reported period. Actual results could differ from those estimates.

#### Q. Pensions

For purposes of measuring the net pension liability/asset, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Parochial Employees' Retirement System of Louisiana ("the Plan"), and additions to/deductions from the Plan's fiduciary net position have been determined on the same basis as they are reported by the Plan. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

#### 2. Cash and Cash Equivalents

At June 30, 2022, the Public Defender had cash and cash equivalents (book balances) totaling \$418,096 as follows:

Total cash and cash equivalents	\$ 418,096
Less: petty cash	 (1,299)
Interest Bearing Demand Deposits	\$ 416,797

These demand deposits are stated at cost, which approximates market. Under state law, these deposits (or the resulting bank balances) must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the fiscal agent. These securities are held in the name of the Public Defender in a holding or custodial bank that is mutually acceptable to both parties.

At June 30, 2022, the Public Defender had \$542,936 in bank deposits (collected bank balances). These deposits are secured from risk by \$250,000 federal deposit insurance. Of these deposits, \$292,936 is collateralized with securities held by the Federal Reserve Bank in the name of the Public Defender.

Notes to the Financial Statements As Of and For the Year Ended June 30, 2022

#### 3. Investments

At June 30, 2022, the Public Defender had the following investments:

LAMP \$ 729,381

The Public Defender invests monies with LAMP. LAMP is considered to be an external investment pool administered by LAMP, Inc., a non-profit corporation organized under the laws of the State of Louisiana. Only local government entities having contracted to participate in LAMP have an investment interest in its pool of assets. The primary objective of LAMP is to provide a safe environment for the placement of public funds in short-term, high quality investments. The LAMP portfolio includes only securities and other obligations in which local governments in Louisiana are authorized to invest in accordance with LA-R.S. 33:2955.

LAMP is an investment pool that, to the extent practical, invest in a manner consistent with GASB Statement No. 79. The following facts are relevant for investment pools:

- <u>Credit risk:</u> LAMP is rated AAAm by Standard & Poor's.
- <u>Custodial credit risk:</u> LAMP participants' investments in the pool are evidenced by shares of the pool. Investments in pools should be disclosed, but not categorized because they are not evidenced by securities that exist in physical or book-entry form. The public entity's investment is with the pool, not the securities that make up the pool; therefore, no disclosure is required.
- <u>Concentration of credit risk:</u> Pooled investments are excluded from the five percent disclosure requirement.
- Interest rate risk: LAMP is designed to be highly liquid to give its participants immediate access to their account balances. LAMP prepares its own interest rate risk disclosure using the weighted average maturity (WAM) method. The WAM of LAMP assets is restricted to not more than 60 days, and consists of no securities with a maturity in excess of 397 days or 762 days for U.S. Government floating/variable rate investments. The WAM for LAMP's total investments is generally 60 days or less to maintain AAAm rating.
- Foreign currency risk: Not applicable.

The investments in LAMP are stated at fair value. The fair value is determined on a weekly basis by LAMP and the value of the position in the external investment pool is the same as the net asset value of the pool shares.

Notes to the Financial Statements As Of and For the Year Ended June 30, 2022

LAMP, Inc. is subject to the regulatory oversight of the state treasurer and the board of directors. LAMP is not registered with the SEC as an investment company.

#### 4. Receivables

The following is a summary of receivables at June 30, 2022:

Class of Receivable:

Court cost on fines and forfeitures

\$ 97,926

#### 5. Interfund Receivable/Payable

Interfund receivables and payables are recorded when one fund overpays or underpays its portion of an expenditure. The Public Defender had no interfund receivables and payables since it had only one fund.

#### 6. Capital Assets

Capital assets and depreciation for governmental activities as of and for the year ended June 30, 2022:

	6/30/2021	Increases	Decrease	6/30/2022	
Capital Assets Depreciated					
Equipment	\$ 156,694	\$ -	\$ 31,810	\$ 124,884	
Furniture	23,409	2,652		26,061	
Total Capital Assets Depreciated	180,103	2,652	31,810	150,945	
Less Accumulated Depreciation For					
Furniture and Equipment	165,414	4,386	31,810	137,990	
Total Accumulated Depreciation	165,414	4,386	31,810	137,990	
Capital Assets Being Depreciated, Net	14,689	(1,734)		12,955	
Lease Assets					
Vehicle	-	29,274	-	29,274	
Total Accumulated Amortization		4,270		4,270	
Total Lease Assets, Net		25,004		25,004	
Capital Assets, Net	\$ 14,689	\$ 23,270	\$ -	\$ 37,959	

Depreciation expenses of \$4,386, and amortization expense of \$4,270, for the year ended June 30, 2022 were charged to the Governmental activities.

Notes to the Financial Statements As Of and For the Year Ended June 30, 2022

#### 7. Leases

The Public Defender implemented GASB Statement 87, *Leases*, effective July 1, 2021, i.e., at the beginning of the current year. The Public Defender determines if an arrangement is a lease accounted for under the lease standard at the inception of the agreement based on the terms and conditions in the contract. Basically, a contract is a lease if it conveys control of an underlying asset in an exchange or exchange-like transaction, unless ownership is transferred at the end of the term. As a lessee, the Public Defender records a lease liability and a corresponding right-of-use (ROU) asset for all leases with a term greater than 12 months.

In November 2021, the Public Defender entered into a lease agreement for a new vehicle for 48 months with an option to extend the lease on a unlimited month-to-month basis thereafter. The base monthly lease payment is \$701, and there is no stated interest in the contract. Accordingly, at inception of the lease a ROU asset and corresponding liability was recorded in the amount of \$29,274, based on the present value of the lease payments discounted a 7%, which is an estimated implied rate and estimated incremental borrowing rate.

The ROU asset is being amortized in a systematic manner over the lease term. As of June 30, 2022 accumulated amortization was \$25,004, and interest expense recognized for the current period under the lease agreement was \$1,130.

The future lease payments (to maturity) under the lease agreement are as follows:

Year Ended	Principal		I1	nterest	Total		
2023	\$	6,844	\$	1,568	\$	8,412	
2024		7,339		1,073		8,412	
2025		7,869		543		8,412	
2026		3,445		61		3,506	
Total	\$	25,497	\$	3,245	\$	28,742	

Short-term Livingston Office Lease

The lease term under the original Livingston office lease expired at year-end, June 30, 2022. For leases that are already in effect at the initial implementation date/transition, a government should consider the beginning of the period of implementation as the commencement of the lease term. Therefore, the maximum possible term at the commencement of the lease term (i.e., the date the Statement is first implemented) is twelve months, i.e., from July 1, 2021 to June 30, 2022. Accordingly, the lease is considered a short-term lease as the term of the lease is for 12 months or less; therefore, the provisions of the new lease standard do not apply to this lease in the current period.

Notes to the Financial Statements As Of and For the Year Ended June 30, 2022

#### 8. Accounts, Salaries and Other Payables

The payables at June 30, 2022 are as follows:

Accounts payable	\$ 6,306
Payroll payables	13,309
Lease payable	25,497
Accrued compensated absences	101,942
Total Liabilities	\$ 147,054

#### 9. Short-Term Debt

The Public Defender had no short-term debt outstanding at June 30, 2022, and had no short-term debt activity during the year then ended.

#### 10. Long-Term Obligations

During the year ended June 30, 2022, the Public Defender had the following changes in noncurrent liabilities:

	Beginnin	ıg				F	Ending	Due	Within
	Balance	2	Additions Reductions		Balance		One Year		
Vehicle lease liability	\$	_	\$	29,274	\$ 3,777	\$	25,497	\$	6,844

#### 11. Pension Plan

#### **Plan Description**

Substantially all full-time employees of Office of Twenty-First Judicial District Public Defender of Tangipahoa Parish are members of the Parochial Employees' Retirement System of Louisiana (System), a multi-employer (cost-sharing), public employee retirement system (PERS), controlled and administered by a separate board of trustees. The System is composed of two (2) distinct plans, Plan A and Plan B, with separate assets and benefit provisions. All employees of the Public Defender are members of Plan A.

#### **Benefits Provided**

All permanent employees working at least 28 hours per week who are paid wholly or in part from parish funds and all elected parish officials are eligible to participate in the System. Under Plan A, an employee is eligible for retirement benefits after meeting one of the following criteria:

Notes to the Financial Statements As Of and For the Year Ended June 30, 2022

#### 11. Pension Plan (continued)

For employees hired prior to January 1, 2007:

- 1. Any age with thirty (30) or more years of creditable service.
- 2. Age 55 with twenty-five (25) years of creditable service.
- 3. Age 60 with a minimum of ten (10) years of creditable service.
- 4. Age 65 with a minimum of seven (7) years of creditable service.

For employees hired after January 1, 2007:

- 1. Age 55 with (30) years of service.
- 2. Age 62 with (10) years of service.
- 3. Age 67 with (7) years of service.

Generally, the monthly amount of the retirement allowance of any member of Plan A shall consist of an amount equal to three percent of the member's final average compensation multiplied by his/her years of creditable service. However, under certain conditions as outlined in the statues, the benefits are limited to specified amounts.

Employees who terminate with at least the amount of creditable service stated above and do not withdraw their employee contributions may retire at the ages specified above and receive the benefit accrued to their date of termination. The System also provides death and disability benefits. Benefits are established or amended by state statute.

The System issues an annual publicly available financial report that includes financial

statements and required supplementary information for the System. That report may be obtained by writing to the Parochial Employees' Retirement System, Post Office Box 14619, Baton Rouge, Louisiana 70898-4619, or by calling (225) 928-1361.

#### **Funding Policy**

Under Plan A, members are required by state statute to contribute 9.5% of their annual covered salary. According to state statute, contributions by the Public Defender are actuarially determined each year. For the plan year ended December 31, 2021, the actuarially determined contribution was 10.38% of member's compensation. However, the actual contribution rate for plan year ended December 31, 2021 was 12.25%, and the current rate at June 30, 2022 is 11.50%.

Also by state statute, the System receives one-fourth (1/4) of one percent (1%) of ad valorem taxes collected within the respective parishes, except Orleans and East Baton Rouge Parishes. The System also receives revenue sharing funds each year as

Notes to the Financial Statements As Of and For the Year Ended June 30, 2022

#### 11. Pension Plan (continued)

appropriated by the Legislature. These tax dollars are divided between Plan A and Plan B based proportionately on the salaries of the active members of each plan.

The contribution requirements of plan members and the Public Defender are established and may be amended by state statute. As provided by Louisiana Revised Statute 11:103, the employer contributions are determined by an actuarial valuation and are subject to change each year based on the results of the valuation for the prior fiscal year. The Public Defender's contributions to the System under Plan A for the year ending June 30, 2022, were \$251,776, equal to the required contributions for that year.

### Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2022, the Public Defender reported an asset of \$1,527,712 for its proportionate share of the net pension asset. The net pension asset was measured as of December 31, 2021, and the total pension liability used to calculate the net pension asset was determined by an actuarial valuation as of that date. The Public Defender's proportion of the net pension asset was based on a projection of the Public Defender's long-term share of contributions to the pension plan relative to the projected contributions of all participating entities, actuarially determined. At December 31, 2021, the Public Defender's proportion was .324325%.

For the year ended June 30, 2022, the Public Defender recognized pension expense (benefit) of \$(265,961), net of employer's amortization of change in proportionate share and differences between employer contributions and proportionate share of contributions. At June 30, 2022, the Public Defender reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

Notes to the Financial Statements As Of and For the Year Ended June 30, 2022

### 11. Pension Plan (continued)

	Deferred	Deferred	
	Outflows of	Inflows of	
	Resources	Resources	
Differences between expected and actual experience	\$ 92,302	\$ 110,724	
Changes of assumptions	79,673	-	
Net difference between projected and actual earnings on pension plan investments	-	1,321,444	
Changes in proportion and differences between Public Defender contributions and proportionate share of contributions	13,076	352	
Public Defender contributions made subsequent to the measurement date	121,222		
	\$ 306,273	\$ 1,432,520	

The Public Defender reported \$121,222, as deferred outflows of resources related to pensions resulting from Public Defender contributions subsequent to the measurement date, which will be recognized as a reduction of the net pension liability in the year ended June 30, 2023. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended June 30:	
2023	\$ (238,863)
2024	(507,650)
2025	(349,315)
2026	(141,641)

### **Actuarial Assumptions**

The total pension liability in the December 31, 2021, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Valuation date	December 31, 2021
Actuarial cost method	Entry Age Normal

Notes to the Financial Statements As Of and For the Year Ended June 30, 2022

### 11. Pension Plan (continued)

Actuarial assumptions:

Investment rate of return 6.40%, net of investment expense

Expected remaining service lives 4 years Projected salary increase 4.75%

Cost of living adjustment

The present value of future retirement

benefits is based on benefits currently being paid by the System and includes previously granted cost of living increases. The present values do not include provisions for potential future increases not yet authorized by the Board of

Trustees.

Mortality Pub-2010 Public Retirement Plans

Mortality Table for Health Retirees multiplied by 130% for males and 125% for females using MP2018 scale for annuitant and beneficiary mortality. For employees, the Pub-2010 Public Retirement Plans Mortality Table for General Employees multiplied by 130%

General Employees multiplied by 130% for males and 125% for females using the

P2018 scale. Pub-2010 Public Retirement Plans Mortality Table for General Disabled Retirees multiplied by 130% for males and 125% for females using MP2018 scale for disabled

annuitants.

Inflation rate 2.30%

### **Change In Assumptions**

Amounts reported in fiscal year ended December 31, 2021 for Parochial Employees' Retirement System reflect an adjustment in the discount rate used to measure the total pension liability. The discount rate for the System was 6.40% as of the valuation date December 31, 2021.

The long-term expected real rate of return on pension plan investments was determined using a triangulation method which integrated the CAPM pricing model (top-down), a treasury yield curve approach (bottom-up), and an equity building-block (bottom-up). Risk return and correlations are projected on a forward looking basis in equilibrium, in which best estimates of expected future real rates of return (expected returns, net pension plan investment expenses and inflation) are developed

Notes to the Financial Statements As Of and For the Year Ended June 30, 2022

### 11. Pension Plan (continued)

for each major asset class. These rates are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation of 2.10% and an adjustment for the effect of rebalancing/diversification. The resulting expected long term rate of return was 7.0%. Best estimates of arithmetic real rates of return for each major asset class included in the System's target asset allocation as of December 31, 2021, are summarized in the following table:

Asset Class	Target Asset Allocation	Long-term Expected Portfolio Real Rate
		of Return
Fixed income	33%	.85%
Equity	51%	3.23%
Alternatives	14%	0.71%
Real assets	2%	0.11%
	100%	4.90%
Inflation		2.10%
Expected arithmetic nominal return		7.00%

#### **Discount Rate**

The discount rate used to measure the total pension liability was 6.40%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rates and that contributions from participating employers will be made at the actuarially determined rates approved by PRSAC taking into consideration the recommendation of the System's actuary. Based on these assumptions, the System's fiduciary net positon was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

#### **Sensitivity to Change in Discount Rate**

The following presents the net pension liability/asset of the participating employers calculated using the discount rate of 6.40%, as well as what the employers' net pension liability/asset would be if it were calculated using a discount rate that is one percentage point lower (5.40%) or one percentage point higher (7.40%) than the current rate.

Notes to the Financial Statements As Of and For the Year Ended June 30, 2022

### 11. Pension Plan (continued)

	Cha	ange in Discount Rate 2021	
	1%	Current	1%
	Decrease 5.40%	Discount Rate 6.40%	Increase 7.40%

### **Pension Plan Fiduciary Net Position**

Detailed information about the pension plan's fiduciary net position is available in the separately issued Parochial Employee's Retirement System of Louisiana financial report. Access to the audit report can be found on the System's website: <a href="https://www.persla.org">www.persla.org</a>, or on the Office of Louisiana Legislative Auditor's official website: <a href="https://www.lla.state.la.us">www.lla.state.la.us</a>.

### Payables To The Pension Plan

At June 30, 2022, payables to the pension plan for contractually required employer contributions for the quarter totaled \$0.

### 12. Other Postemployment Benefits

The Public Defender offers a Retirement Group Insurance Plan to qualifying employees upon separation of services. The 21<sup>st</sup> PDO Retirement Group Insurance Plan includes employer provided health insurance benefits offered to current full-time employees. The 21<sup>st</sup> PDO Retirement Group Insurance Plan will be governed as follows:

- 1. In order to qualify for participation in the 21<sup>st</sup> PDO Retirement Group Insurance Plan, an employee must have at least twenty (20) years in the Parochial Employees' Retirement System with at least ten (10) being with the 21<sup>st</sup> Judicial District Public Defender. The participant must also have been covered under the Employee Group Insurance Plan for at least one year prior to retirement. A plan participant may only select coverage up to the extent that the participant had coverage under the Employee Group Insurance Plan for the year prior to retirement. The participant may reduce coverage but may not increase coverage.
- 2. The Public Defender will cover 50% of the total premium up to \$350 per month for a maximum of five years.
- 3. The retired employee may elect to continue coverage on dependents with the Public Defender paying no portion of the premiums.
- 4. If a plan participant and the spouse and dependents, if covered, become eligible

Notes to the Financial Statements As Of and For the Year Ended June 30, 2022

for Medicare, the participant must make an election to remain covered under the current group health insurance plan or be covered under the medicare supplement plan. For participants in the medicare supplement plan, the Public Defender will pay 100% of the total premium up to \$350 per month for a maximum of five years. You may not participate in both plans concurrently. For example, you may not elect the medicare supplement plan for one family member and leave another on the group health insurance plan. Once the election is made it may not be changed. The Public Defender will not pay any portion of the premium for dependents. If the participant elects an individual medicare supplement plan, the district will reimburse the participant on a quarterly basis after verification of payment is provided.

Due to the number of employees eligible to participate at this time, no accrual for other postemployment benefits has been made as of June 30, 2022, as the amount is immaterial.

### 13. Risk Management

The Public Defender is exposed to various risks of losses related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The Public Defender attempts to minimize risk from significant losses through the purchase of commercial insurance.

## 14. Related Party Transactions

There were no related party transactions for the year ended June 30, 2022.

### 15. Litigation and Claims

At June 30, 2022, the Public Defender was not involved in any outstanding litigation or claims.

### 16. Subsequent Events and Management's Review

Management has evaluated subsequent events through February 28, 2023, the date the financial statements were available to be issued.

On August 1, 2022, the original lease agreement for the Livingston office building was modified to add a second renewal term of three (3) years beginning August 1, 2022 and expiring July 31, 2025, at a monthly rent of \$2,721.

Notes to the Financial Statements As Of and For the Year Ended June 30, 2022

## 17. Governmental Fund Revenues and Expenditures

For the year ended June 30, 2022, the major sources of governmental fund revenues and expenditures were as follows:

Revenues:

State Government Grants Totals	\$ 2,006,938	\$ 2,006,938

## **Notes to Required Supplementary Information**

### Changes of Benefit Terms

There were no changes of benefit terms for the year ended June 30, 2022.

### Changes of Assumptions

The changes of benefit assumptions about future economic or demographic factors were recognized in pension expense using the straight-line amortization method over a closed period equal to the average of the expected remaining service lives of all employees that are provided with pensions through the pension plan.

Independent Auditor's Report on Internal Control over Financial Reporting And On Compliance and Other Matters Based On an Audit of Financial Statements Performed In Accordance With *Government Auditing Standards* 

To the Office of Twenty-First Judicial District Public Defender Amite, Louisiana

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities and the general fund of the Office of the Twenty-First Judicial District Public Defender (Public Defender) as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the Public Defender's basic financial statements as listed in the table of contents, and have issued our report thereon dated February 28, 2023.

### **Internal Control Over Financial Reporting**

In planning and performing our audit, we considered the Public Defender's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Public Defender's internal control. Accordingly, we do not express an opinion on the effectiveness of the Public Defender's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the Public Defender's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

## **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

This report is intended solely for the information and use of management of the Public Defender and the Legislative Auditor for the State of Louisiana and is not intended to be and should not be used by anyone other than these specified parties. Under Louisiana Revised Statute 24:513, this report is distributed by the Legislative Auditor as a public document.

### INDEPENDENT ACCOUNTANT'S REPORT ON APPLYING AGREED-UPON PROCEDURES

To the Office Of Twenty-First Judicial District Public Defender, Amite, Louisiana and the Louisiana Legislative Auditor:

We have performed the procedures enumerated below on the control and compliance (C/C) areas identified in the Louisiana Legislative Auditor's (LLA's), Statewide Agreed-Upon Procedures (SAUPs) for the fiscal period July 1, 2021 through June 30, 2022. The Public Defender's management is responsible for those C/C areas identified in the SAUPs.

The Public Defender has agreed to and acknowledged that the procedures performed are appropriate to meet the intended purpose of the engagement, which is to perform specified procedures on the C/C areas identified in LLA's SAUPs for the fiscal period July 1, 2021 through June 30, 2022. Additionally, LLA has agreed to and acknowledged that the procedures performed are appropriate for its purposes. This report may not be suitable for any other purpose. The procedures performed may not address all the items of interest to a user of this report and may not meet the needs of all users of this report and, as such, users are responsible for determining whether the procedures performed are appropriate for their purposes.

The procedures and associated findings are as follows:

### Written Policies and Procedures

- 1. Obtain and inspect the entity's written policies and procedures and observe whether they address each of the following categories and subcategories if applicable to public funds and the entity's operations:
  - a) **Budgeting**, including preparing, adopting, monitoring, and amending the budget
  - b) *Purchasing*, including (1) how purchases are initiated; (2) how vendors are added to the vendor list; (3) the preparation and approval process of purchase requisitions and purchase orders; (4) controls to ensure compliance with the Public Bid Law; and (5) documentation required to be maintained for all bids and price quotes.
  - c) Disbursements, including processing, reviewing, and approving
  - d) *Receipts/Collections*, including receiving, recording, and preparing deposits. Also, policies and procedures should include management's actions to determine the completeness of all collections for each type of revenue or agency fund additions (e.g. periodic confirmation with outside parties, reconciliation to utility billing after cutoff procedures, reconciliation of traffic ticket number sequences, agency fund forfeiture monies confirmation).

- e) *Payroll/Personnel*, including (1) payroll processing, and (2) reviewing and approving time and attendance records, including leave and overtime worked, and (3) approval process for employee(s) rate of pay or approval and maintenance of pay rate schedules.
- f) *Contracting*, including (1) types of services requiring written contracts, (2) standard terms and conditions, (3) legal review, (4) approval process, and (5) monitoring process
- g) Credit Cards (and debit cards, fuel cards, P-Cards, if applicable), including (1) how cards are to be controlled, (2) allowable business uses, (3) documentation requirements, (4) required approvers of statements, and (5) monitoring card usage (e.g., determining the reasonableness of fuel card purchases)
- h) *Travel and expense reimbursement*, including (1) allowable expenses, (2) dollar thresholds by category of expense, (3) documentation requirements, and (4) required approvers
- i) *Ethics*, including (1) the prohibitions as defined in Louisiana Revised Statute 42:1111-1121, (2) actions to be taken if an ethics violation takes place, (3) system to monitor possible ethics violations, and (4) a requirement that documentation is maintained to demonstrate that all employees and officials were notified of any changes to the entity's ethics policy.
- j) **Debt Service**, including (1) debt issuance approval, (2) continuing disclosure/EMMA reporting requirements, (3) debt reserve requirements, and (4) debt service requirements.
- k) *Information Technology Disaster Recovery/Business Continuity*, including (1) identification of critical data and frequency of data backups, (2) storage of backups in a separate physical location isolated from the network, (3) periodic testing/verification that backups can be restored, (4) use of antivirus software on all systems, (5) timely application of all available system and software patches/updates, and (6) identification of personnel, processes, and tools need to recover operations after a critical event.
- 1) **Sexual Harassment**, including R.S. 42:342-344 requirements for (1) agency responsibilities and prohibitions, (2) annual employee training, and, (3) annual reporting.

Results of Procedures: We noted no exceptions to the above procedures except as follows: the PD does not use a purchase order system, and those specified functions listed above involving vendor list and purchase order processing are not included in the policy and procedures for purchasing or disbursements. Furthermore, the receipts/collections written policy should be updated to include the review reconciliation procedures currently in place.

<u>Management's response</u>: Regarding the purchase and disbursements policy, the PD believes their policies in place are adequate for the volume of transactions and number of personnel. Also, the PD will update the collection policy to include the review reconciliation policies currently in place.

#### **Board or Finance Committee**

2. Obtain and inspect the board/finance committee minutes for the fiscal period, as well as the board's enabling legislation, charter, bylaws, or equivalent document in effect during the fiscal period, and:

- a) Observe that the board/finance committee met with a quorum at least monthly, or on a frequency in accordance with the board's enabling legislation, charter, bylaws, or other equivalent document.
- b) For those entities reporting on the governmental accounting model, observe that the minutes referenced or included monthly budget-to-actual comparisons on the general fund, quarterly budget-to-actual, at a minimum, on proprietary funds, and semi-annual budget-to-actual, at a minimum, on all special revenue funds. Alternately, for those entities reporting on the non-profit accounting model, observe that the minutes referenced or included financial activity relating to public funds if those public funds comprised more than 10% of the entity's collections during the fiscal period.
- c) For governmental entities, obtain the prior year audit report and observe the unassigned fund balance in the general fund. If the general fund had a negative ending unassigned fund balance in the prior year audit report, observe that the minutes for at least one meeting during the fiscal period referenced or included a formal plan to eliminate the negative unassigned fund balance in the general fund.

Results of Procedures: The Public Defender does not have a board or a finance committee.

#### **Bank Reconciliations**

- 3. Obtain a listing of entity bank accounts for the fiscal period from management and management's representation that the listing is complete. Ask management to identify the entity's main operating account. Select the entity's main operating account and randomly select 4 additional accounts (or all accounts if less than 5). Randomly select one month from the fiscal period, obtain and inspect the corresponding bank statement and reconciliation for each selected account, and observe that:
  - a) Bank reconciliations include evidence that they were prepared within 2 months of the related statement closing date (e.g., initialed and dated, electronically logged);
  - b) Bank reconciliations include evidence that a member of management/board member who does not handle cash, post ledgers, or issue checks has reviewed each bank reconciliation (e.g., initialed and dated, electronically logged); and
  - c) Management has documentation reflecting that it has researched reconciling items that have been outstanding for more than 12 months from the statement closing date, if applicable.

<u>Results of Procedures</u>: We noted no exceptions to the above procedures except as follows: Documentation shows that bank statements have been reviewed; however, bank reconciliations do not include initials or dates indicating review.

Management's response: The PD holds monthly meetings with the external CPA who prepares the bank reconciliation and the PD reviews the reconciliations at that time. In the future, the District Defender (DD) (or his assignee) will initial the reconciliations and keep in the files to denote review.

#### **Collections**

- 4. Obtain a listing of <u>deposit sites</u> for the fiscal period where deposits for cash/checks/money orders (cash) are prepared and management's representation that the listing is complete. Randomly select 5 deposit sites (or all deposit sites if less than 5).
- 5. For each deposit site selected, obtain a listing of <u>collection locations</u> and management's representation that the listing is complete. Randomly select one collection location for each deposit site (i.e. 5 collection locations for 5 deposit sites), obtain and inspect written policies and procedures relating to employee job duties (if no written policies or procedures, inquire of employees about their job duties) at each collection location, and observe that job duties are properly segregated at each collection location such that:
  - a) Employees that are responsible for cash collections do not share cash drawers/registers.
  - b) Each employee responsible for collecting cash is not responsible for preparing/making bank deposits, unless another employee/official is responsible for reconciling collection documentation (e.g. pre-numbered receipts) to the deposit.
  - c) Each employee responsible for collecting cash is not responsible for posting collection entries to the general ledger or subsidiary ledgers, unless another employee/official is responsible for reconciling ledger postings to each other and to the deposit.
  - d) The employee(s) responsible for reconciling cash collections to the general ledger and/or subsidiary ledgers, by revenue source and/or agency fund additions are not responsible for collecting cash, unless another employee verifies the reconciliation.
- 6. Obtain from management a copy of the bond or insurance policy for theft covering all employees who have access to cash. Observe the bond or insurance policy for theft was enforced during the fiscal period.
- 7. Randomly select two deposit dates for each of the 5 bank accounts selected for procedure #3 under "Bank Reconciliations" above (select the next deposit date chronologically if no deposits were made on the dates randomly selected and randomly select a deposit if multiple deposits are made on the same day). Alternately, the practitioner may use a source document other than bank statements when selecting the deposit dates for testing, such as a cash collection log, daily revenue report, receipt book, etc. Obtain supporting documentation for each of the 10 deposits and:
  - a) Observe that receipts are sequentially pre-numbered.
  - b) Trace sequentially pre-numbered receipts, system reports, and other related collection documentation to the deposit slip.
  - c) Trace the deposit slip total to the actual deposit per the bank statement.
  - d) Observe that the deposit was made within one business day of receipt at the collection location (within one week if the depository is more than 10 miles from the collection location or the deposit is less than \$100 and the cash is stored securely in a locked safe or drawer).
  - e) Trace the actual deposit per the bank statement to the general ledger.

<u>Results of Procedures</u>: We noted no exceptions to the above procedures except as follows: 40% of the deposits tested were made within one day of receipt, greater than 78% within two days of receipt and 100% of tested deposits were within 3 days of receipts.

<u>Management's Response</u>: The PD has determined that making deposits every Tuesday and Friday results in the most efficient use of the PD personnel based on the expected volume of collections from the courts and defendants during different days of the week.

## Non-Payroll Disbursements (excluding card purchases/payments, travel reimbursements, and petty cash purchases)

- 8. Obtain a listing of locations that process payments for the fiscal period and management's representation that the listing is complete. Randomly select 5 locations (or all locations if less than 5).
- 9. For each location selected under #8 above, obtain a listing of those employees involved with non-payroll purchasing and payment functions. Obtain written policies and procedures relating to employee job duties (if the agency has no written policies and procedures, inquire of employees about their job duties), and observe that job duties are properly segregated such that:
  - a) At least two employees are involved in initiating a purchase request, approving a purchase, and placing an order/making the purchase.
  - b) At least two employees are involved in processing and approving payments to vendors.
  - c) The employee responsible for processing payments is prohibited from adding/modifying vendor files, unless another employee is responsible for periodically reviewing changes to vendor files.
  - d) Either the employee/official responsible for signing checks mails the payment or gives the signed checks to an employee to mail who is not responsible for processing payments.
- 10. For each location selected under #8 above, obtain the entity's non-payroll disbursement transaction population (excluding cards and travel reimbursements) and obtain management's representation that the population is complete. Randomly select 5 disbursements for each location, obtain supporting documentation for each transaction and:
  - a) Observe whether the disbursement matched the related original invoice and supporting documentation indicates deliverables included on the invoice were received by the entity.
  - b) Observe that the disbursement documentation included evidence (e.g., initial/date, electronic logging) of segregation of duties tested under #9, as applicable.

<u>Results of Procedures</u>: We noted no exceptions to the above procedures.

#### Credit Cards/Debit Cards/Fuel Cards/P-Cards

11. Obtain from management a listing of all active credit cards, bank debit cards, fuel cards, and P-cards (cards) for the fiscal period, including the card numbers and the names of the persons who maintained possession of the cards. Obtain management's representation that the listing is complete.

- 12. Using the listing prepared by management, randomly select 5 cards (or all cards if less than 5) that were used during the fiscal period. Randomly select one monthly statement or combined statement for each card (for a debit card, randomly select one monthly bank statement), obtain supporting documentation, and:
  - a) Observe that there is evidence that the monthly statement or combined statement and supporting documentation (e.g., original receipts for credit/debit card purchases, exception reports for excessive fuel card usage) was reviewed and approved, in writing (or electronically approved), by someone other than the authorized card holder. [Note: Requiring such approval may constrain the legal authority of certain public officials (e.g., mayor of a Lawrason Act municipality); these instances should not be reported.]
  - b) Observe that finance charges and late fees were not assessed on the selected statements.
- 13. Using the monthly statements or combined statements selected under #12 above, excluding fuel cards, randomly select 10 transactions (or all transactions if less than 10) from each statement, and obtain supporting documentation for the transactions (i.e. each card should have 10 transactions subject to testing). For each transaction, observe that it is supported by (1) an original itemized receipt that identifies precisely what was purchased, (2) written documentation of the business/public purpose, and (3) documentation of the individuals participating in meals (for meal charges only). For missing receipts, the practitioner should describe the nature of the transaction and note whether management had a compensating control to address missing receipts, such as a "missing receipt statement" that is subject to increased scrutiny.

<u>Results of Procedures</u>: We noted no exceptions to the above procedures except as follows: The one credit card in use is signed off by the authorized cardholder.

<u>Management's Response</u>: Management will have two individuals sign off on credit card purchases.

### Travel and Travel-Related Expense Reimbursements (excluding card transactions)

- 14. Obtain from management a listing of all travel and travel-related expense reimbursements during the fiscal period and management's representation that the listing or general ledger is complete. Randomly select 5 reimbursements, obtain the related expense reimbursement forms/prepaid expense documentation of each selected reimbursement, as well as the supporting documentation. For each of the 5 reimbursements selected:
  - a) If reimbursed using a per diem, agree the reimbursement rate to those rates established either by the State of Louisiana or the U.S. General Services Administration (www.gsa.gov).
  - b) If reimbursed using actual costs, observe that the reimbursement is supported by an original itemized receipt that identifies precisely what was purchased.
  - c) Observe that each reimbursement is supported by documentation of the business/public purpose (for meal charges, observe that the documentation includes the names of those individuals participating) and other documentation required by written policy (procedure #1h).

d) Observe that each reimbursement was reviewed and approved, in writing, by someone other than the person receiving reimbursement.

<u>Results of Procedures</u>: We noted no exceptions to the above procedures except as follows: Reimbursed travel rates were not updated to coincide with GSA rates for January through June of 2022.

<u>Management's response</u>: Management will update rates to coincide with all increases and decreases to the GSA rates.

#### **Contracts**

- 15. Obtain from management a listing of all agreements/contracts for professional services, materials and supplies, leases, and construction activities that were initiated or renewed during the fiscal period. *Alternately, the practitioner may use an equivalent selection source, such as an active vendor list.* Obtain management's representation that the listing is complete. Randomly select 5 contracts (or all contracts if less than 5) from the listing, excluding the practitioner's contract, and:
  - a) Observe that the contract was bid in accordance with the Louisiana Public Bid Law (e.g., solicited quotes or bids, advertised), if required by law.
  - b) Observe that the contract was approved by the governing body/board, if required by policy or law (e.g. Lawrason Act, Home Rule Charter).
  - c) If the contract was amended (e.g. change order), observe that the original contract terms provided for such an amendment and that amendments were made in compliance with the contract terms (e.g. if approval is required for any amendment, was approval documented).
  - d) Randomly select one payment from the fiscal period for each of the 5 contracts, obtain the supporting invoice, agree the invoice to the contract terms, and observe the invoice and related payment agreed to the terms and conditions of the contract.

Results of Procedures: We noted no exceptions to the above procedures.

#### Payroll and Personnel

- 16. Obtain a listing of employees/elected officials employed during the fiscal period and management's representation that the listing is complete. Randomly select 5 employees/officials, obtain related paid salaries and personnel files, and agree paid salaries to authorized salaries/pay rates in the personnel files.
- 17. Randomly select one pay period during the fiscal period. For the 5 employees/officials selected under #16 above, obtain attendance records and leave documentation for the pay period, and:
  - a) Observe that all selected employees/officials documented their daily attendance and leave (e.g., vacation, sick, compensatory). (Note: Generally, an elected official is not eligible to earn leave and does not document his/her attendance and leave. However, if the

- elected official is earning leave according to policy and/or contract, the official should document his/her daily attendance and leave.)
- b) Observe that supervisors approved the attendance and leave of the selected employees/officials.
- c) Observe that any leave accrued or taken during the pay period is reflected in the entity's cumulative leave records.
- d) Observe the pay rate to the employees or officials agree to the authorized salary/pay rate found within the personnel file.
- 18. Obtain a listing of those employees/officials that received termination payments during the fiscal period and management's representation that the list is complete. Randomly select two employees/officials, obtain related documentation of the hours and pay rates used in management's termination payment calculations and the entity's policy on termination payments. Agree the hours to the employee/officials' cumulate leave records, agree the pay rates to the employee or officials' authorized pay rates in the employee or officials' personnel files and agree the termination payment to entity policy.
- 19. Obtain management's representation that employer and employee portions of third-party payroll related amounts (e.g. payroll taxes, retirement contributions, health insurance premiums, garnishments, workers' compensation premiums, etc.) have been paid, and any associated forms have been filed, by required deadlines.

Results of Procedures: We noted no exceptions to the above procedures except as follows: The in -house staff attendance timesheets were not individually signed by a supervisor; however, all leave requests and all bi-monthly payroll were approved by management. Also, while termination pay rates agreed to the authorized rates, hours paid did not agree for the two selected former employees. Due to the unique nature of one selection, a third selection was made and those hours and payment agreed to cumulative record and policy.

<u>Management's response</u>: Management will individually sign in-house staff attendance timesheets in addition to the currently approved leave requests and bi-monthly payroll. Also, management will review procedures to ensure hours paid agree to the cumulative record and policy.

#### **Ethics**

- 20. Using the 5 randomly selected employees/officials from procedure #16 under "Payroll and Personnel" above obtain ethics documentation from management, and:
  - a. Observe whether the documentation demonstrates each employee/official completed one hour of ethics training during the fiscal period.
  - b. Observe whether the entity maintains documentation which demonstrates each employee and official were notified of any changes to the entity's ethics policy during the fiscal period, as applicable.

Results of Procedures: We noted no exceptions to the above procedures except for the following: While four of the five selected employees completed one hour of ethics training in

calendar year 2022, only two had training in the fiscal period ending 6-22. The fifth had training in 2020 and 2023 but not in the fiscal period ending 6-22

<u>Management's response</u>: Management has indicated that in the past there was no set date for training but indicated they would encourage ethics training in May of each year in order to ensure completion of one hour of training which would fall once per fiscal year and per calendar year as well.

#### **Debt Service**

- 21. Obtain a listing of bonds/notes issued during the fiscal period and management's representation that the listing is complete. Select all debt instruments on the listing, obtain supporting documentation, and observe State Bond Commission approval was obtained for each debt instrument issued.
- 22. Obtain a listing of bonds/notes outstanding at the end of the fiscal period and management's representation that the listing is complete. Randomly select one bond/note, inspect debt covenants, obtain supporting documentation for the reserve balance and payments, and agree actual reserve balances and payments to those required by debt covenants (including contingency funds, short-lived asset funds, or other funds required by the debt covenants).

Results of Procedures: These procedures were not performed as the PD has no debt.

#### Fraud Notice

- 23. Obtain a listing of misappropriations of public funds and assets during the fiscal period and management's representation that the listing is complete. Select all misappropriations on the listing, obtain supporting documentation, and observe that the entity reported the misappropriation(s) to the legislative auditor and the district attorney of the parish in which the entity is domiciled.
- 24. Observe that the entity has posted on its premises and website, the notice required by R.S. 24:523.1 concerning the reporting of misappropriation, fraud, waste, or abuse of public funds.

<u>Results of Procedures</u>: We noted no exceptions to the above procedures and Management has reported that there had not been any misappropriation of public funds or assets.

### Information Technology Disaster Recovery/Business Continuity

- 25. Perform the following procedures, verbally discuss the results with management, and report "We performed the procedure and discussed the results with management."
  - a) Obtain and inspect the entity's most recent documentation that is has backed up its critical data (if no written documentation, inquire of personnel responsible for backing up critical data) and observe that such backup occurred within the past week. If backups are stored on a physical medium (e.g., tapes, CD's), observe evidence that backups are encrypted before being transported.

- b) Obtain and inspect the entity's most recent documentation that it has tested/verified that its backups can be restored (if not written documentation, inquire of personnel responsible for testing/verification backup restoration) and observe evidence that the test/verification was successfully performed within the past 3 months.
- c) Obtain a listing of the entity's computers currently in use and their related locations, and management's representation that the listing is complete. Randomly select 5 computers and observe while management demonstrates that the selected computers have current and active antivirus software and that the operating system and accounting system software in use are currently supported by the vendor.

<u>Results of Procedures</u>: We performed the procedures and discussed the results with management.

#### Sexual Harassment

- 26. Using the 5 randomly selected employees/officials from procedure #16 under "Payroll and Personnel" above, obtain sexual harassment training documentation from management, and observe the documentation demonstrates each employee/official completed at least one hour of sexual harassment training during the calendar year.
- 27. Observe the entity has posted its sexual harassment policy and complaint procedure on its website (or in a conspicuous location on the entity's premises if the entity does not have a website).
- 28. Obtain the entity's annual sexual harassment report for the current fiscal period, observe that the report was dated on or before February 1, and observe it includes the applicable requirements of R.S. 42:344:
  - a) Number and percentage of public servants in the agency who have completed the training requirements;
  - b) Number of sexual harassment complaints received by the agency;
  - c) Number of complaints which resulted in a finding that sexual harassment occurred;
  - d) Number of complaints in which the finding of sexual harassment resulted in discipline or corrective action; and
  - e) Amount of time it took to resolve each complaint.

<u>Results of Procedures</u>: We noted no exceptions to the above procedures.

We were engaged by the Public Defender to perform this agreed-upon procedures engagement and conducted our engagement in accordance with attestation standards established by the American Institute of Certified Public Accountants and applicable standards of *Government Auditing Standards*. We were not engaged to and did not conduct an examination or review, the objective of which would be the expression of an opinion or conclusion, respectively, on those C/C areas identified in the SAUPs. Accordingly, we do not express such an opinion or conclusion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

We are required to be independent of the Public Defender and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements related to our agreed-upon procedures engagement.

This report is intended solely to describe the scope of testing performed on those C/C areas identified in the SAUPs, and the result of that testing, and not to provide an opinion on control or compliance. Accordingly, this report is not suitable for any other purpose. Under Louisiana Revised Statute 24:513, this report is distributed by the LLA as a public document.
