INTRODUCTION

Richland Parish Communication District was created by resolution of the Richland Parish Police Jury on January 16, 1990, for the purpose of installation, maintenance and operation of a 911 emergency system in Richland Parish. The district is governed by a board of commissioners consisting of seven members. The board is appointed by the Richland Parish Police Jury and serves a four-year term. The commissioners receive no compensation for their services.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. BASIS OF PRESENTATION

The accompanying financial statements of Richland Parish Communication District have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles.

B. REPORTING ENTITY

The district is a component unit of the Richland Parish Police Jury, the financial reporting entity. The police jury is financially accountable for the district because it appoints a voting majority of the board and has the ability to impose its will on them.

The accompanying financial statements present information only on the funds maintained by the district and do not present information on the police jury, the general government services provided by that governmental unit, or the other governmental units that comprise the financial reporting entity.

See the accountant's report.
C. FUND ACCOUNTING

The district uses a special revenue fund to report on its financial position and the results of its operations. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions relating to certain government functions or activities. A special revenue fund is used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes.

D. BASIS OF ACCOUNTING

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. The governmental funds are accounted for using a current financial resources measurement focus. With this measurement focus, only current assets and current liabilities are generally included on the balance sheet. Operating statements of these funds present increases and decreases in net current assets. The modified accrual basis of accounting is used by the special revenue funds. The special revenue funds use the following practices in recording revenues and expenditures:

Revenues

Revenues are recognized when they become measurable and available as net current assets.

Expenditures

Expenditures are generally recognized under the modified accrual basis of accounting when the related fund liability is incurred.

E. BUDGETS

Preliminary budget for the ensuing year is prepared by the secretary-treasurer during November of each year. At the December meeting the budget is available for public inspection and is approved prior to the end of the meeting. All annual appropriations lapse at year-end.

See the accountant’s report.
The budget comparison statements included in the accompanying financial statements reflect the original adopted budget including all amendments made during the year. The following reconciles the excess (deficiencies) of revenues over expenditures for the Special Revenue Fund as shown on Statement C (Non-GAAP basis) with amounts shown on Statement B (GAAP basis):

<tr>
<td>Excess of revenues over expenditures (GAAP basis)</td>

</tr>
</tbody>

F. ENCUMBRANCES

The district does not use encumbrance accounting.

G. CASH AND CASH EQUIVALENTS

Cash includes amounts in demand deposits, interest-bearing demand deposits and time deposits. Cash equivalents include amounts in time deposits and those investments with original maturities of one year or less. Under state law, the district may deposit funds in demand deposits, interest-bearing demand deposits, or time deposits with state banks organized under Louisiana law or any other state of the United States, or under the laws of the United States.

II. FIXED ASSETS

Fixed assets are recorded as expenditures at the time purchased or constructed, and the related assets are capitalized (reported) in the special revenue fund. Interest costs incurred during construction are capitalized. All fixed assets are valued at historical cost or estimated cost if historical cost is not available. Depreciation is provided over the estimated useful lives of the assets using the MACRS 200% method.

See the accountant’s report.
I. COMPENSATED ABSENCES

The district has the following policy relating to vacation and sick leave:

Vacation leave is accrued on the basis of length of service:

<table>
<thead>
<tr>
<th>Years</th>
<th>Days per Year</th>
</tr>
</thead>
<tbody>
<tr>
<td>1 to 10</td>
<td>10</td>
</tr>
<tr>
<td>10 and over</td>
<td>15</td>
</tr>
</tbody>
</table>

This may not be accumulated from year to year. Upon separation, payment for the accrued leave up to date of separation shall be paid.

Sick leave is accrued 8 hours per month. Employees who resign or who are terminated shall not receive pay for accrued sick leave.

The district’s recognition and measurement criteria for compensated absence follows:

GASB Statement No. 16 provides that vacation leave and other compensated absences with similar characteristics should be accrued as a liability as the benefits are earned by the employees if both of the following conditions are met:

a. The employee’s rights to receive compensation are attributable to services already rendered.

b. It is probable that the employer will compensate the employees for the benefits through paid time off or some other means, such as cash payments at termination or retirement.

Therefore, since no carryover is allowed, no accrual has been made.

GASB Statement No. 16 provides that a liability for sick leave should be accrued using one of the following termination approaches:

a. An accrual for earned sick leave should be made only to the extent it is probable that the benefits will result in termination payments, rather than be taken as absences due to illness or other contingencies, such as medical appointments and funerals.
b. Alternatively, a governmental entity should estimate its accrued sick leave liability based on the sick leave accumulated at the balance sheet date by those employees who currently are eligible to receive termination payments as well as other employees who are expected to become eligible in the future to receive such payments.

No accrual has been made based upon (a) above.

J. LONG-TERM OBLIGATIONS

The district has no long-term debt at December 31, 2000.

2. CASH AND CASH EQUIVALENTS

At December 31, 2000, the district has cash and cash equivalents (book balances) totaling $173,184. as follows:

<table>
<thead>
<tr>
<th>Petty Cash</th>
<th>2000</th>
<th>$ 100.</th>

<td>Time Deposits</td>
<td></td>
<td>110,150.</td>
</tr>
<tr>
<td><strong>Total</strong></td>
<td></td>
<td><strong>$173,184.</strong></td>
</tr>
</tbody>
</table>

These deposits are stated at cost, which approximates market. Under state law, these deposits (or the resulting bank balances) must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the fiscal agent. These securities are held in the name of the pledging fiscal agent bank in a holding or custodial bank that is mutually acceptable to both parties. At December 31, 2000 the district has $173,184. in deposits (collected bank balances). These deposits are secured from risk by $200,000. of federal deposit insurance at separate banks. The remaining balance on the Time Deposits of $10,150. is not secured by the pledge of securities and is a violation of state law.

Even though the pledged securities are considered uncollateralized (Category 3) under the provisions of GASB Statement No. 3, Louisiana Revised Statute 39:1229 imposes a statutory requirement on the custodial bank to advertise and sell the pledged securities within 10 days of being notified by the district that the fiscal agent has failed to pay deposited funds upon demand.

4. PENSION PLAN

Plan Description. Substantially all full time employees of the Richland Parish Communication District are members of the Parochial Employees' Retirement System of Louisiana (System), a cost-sharing, multiple-employer defined benefit pension plan administered by a separate board of trustees. The System is composed of two distinct plans, Plan A and Plan B, with separate assets and benefit provisions. All employees of the district are members of Plan A.

All permanent employees working at least 28 hours per week who are paid wholly or in part from parish funds and all elected parish officials are eligible to participate in the System. Under Plan A, employees who retire at or after age 60 with at least 10 years of creditable service, at or after age 55 with at least 25 years of creditable service, or at any age with at least 30 years of creditable service are entitled to a retirement benefit, payable monthly for life, equal to 3 percent of their final-average salary for each year of creditable service. However, for those employees who were members of the supplemental plan only before January 1, 1980, the benefit is equal to one percent of final average salary plus $24 for each year of supplemental-plan-only service earned before January 1, 1980. Final-average salary is the employee's average salary over the 36 consecutive or joined months that produce the highest average. Employees who terminate with at least the amount of creditable service stated above and do not withdraw their employee contributions may retire at the ages specified above and receive the benefit accrued to their date of termination. The System also provides death and disability benefits. Benefits are established or amended by state statute.

See the accountant's report.
Notes to the Financial Statements (Continued)

The System issues an annual publicly available financial report that includes financial statements and required supplementary information for the System. That report may be obtained by writing to the Parochial Employee’s Retirement System, Post Office Box 14619, Baton Rouge, Louisiana 70898-4619, or by calling (504) 928-1361.

Funding Policy. Under Plan A, members are required by state statute to contribute 9.5 percent of their annual covered salary and the district is required to contribute at an actuarially determined rate. The current rate is 5.5 percent of annual covered payroll. Contributions to the System also include one-fourth of one percent of the taxes shown to be collected by the tax rolls of each parish. These tax dollars are divided between Plan A and Plan B based proportionately on the salaries of the active members of each plan. The contribution requirements of plan members and the district are established and may be amended by state statute. As provided by Louisiana Revised Statute 11:103, the employer contributions are determined by actuarial valuation and are subject to change each year based on the results of the valuation for the prior fiscal year. The district’s contribution to the System under Plan A for the years ending December 31, 2000, 1999, and 1998 were $1,464, $1,657, and $1,479, equal to the required contributions for the year.

5. LITIGATION AND CLAIMS

At December 31, 2000 the district is not involved in or aware of any possible litigation.

Independent Accountant's Report
on Applying Agreed-Upon Procedures

To the Management of Richland Parish Communication District

We have performed the procedures included in the Louisiana Government Audit Guide and enumerated below, which were agreed to by the management of Richland Parish Communication District and the Legislative Auditor, State of Louisiana, solely to assist the users in evaluating management's assertions about Richland Parish Communication District's compliance with certain laws and regulations during the year ended December 31, 2000 included in the accompanying Louisiana Attestation Questionnaire. This agreed-upon procedures engagement was performed in accordance with standards established by the American institute of Certified Public Accountants. The sufficiency of these procedures is solely the responsibility of the specified users of the report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose.

Public Bid Law
1. Select all expenditures made during the year for material and supplies exceeding $15,000, or public works exceeding $100,000, and determine whether such purchases were made in accordance with LSA-RS 38:2211-2251 (the public bid law).

There were no expenditures made during the year 2000 for materials and supplies exceeding $15,000.

Code of Ethics for Public Officials and Public Employees
2. Obtain from management a list of the immediate family members of each board member as defined by LSA-RS 42:1101-1124 (the code of ethics), and a list of outside business interests of all board members and employees, as well as their immediate families.

Management provided us with the required list including the noted information.
3. Obtain from management a listing of all employees paid during the period under examination. Management provided us with the required list.

4. Determine whether any of those employees included in the listing obtained from management in agreed-upon procedure (3) were also included on the listing obtained from management in agreed-upon procedure (2) as immediate family members.

None of the employees included on the list of employees provided by management [agreed-upon procedure (3)] appeared on the list provided by management in agreed upon procedure (2).

Budgeting

5. Obtained a copy of the legally adopted budget and all amendments.

Management provided us with copies of the original 2000 budget and the amendments to the budget.

6. Trace the budget adoption and amendments to the minute book.

We traced the adoption of the original 2000 budget to the minutes of a meeting held on November 4, 1999, which indicated that the budget had been adopted by the commissioners of Richland Parish Communication District. We traced the adoption of the amendments made to the budget for the year 2000 to the minutes of a meeting held on November 6, 2000.

7. Compare the revenues and expenditures of the final budget to actual revenues and expenditures to determine if actual revenues or expenditures exceed budgeted amounts by more than 5%.

We compared the revenues and expenditures of the final budget to actual revenues and expenditures. Actual revenues and expenditures for the year did not exceed budgeted amounts by more than 5% in 2000.

Accounting and Reporting

8. Randomly select 6 disbursements made during the period under examination and:
(a) trace payments to supporting documentation as to proper amount and payee;

We examined supporting documentation for each of the six selected disbursements and found that payment was for the proper amount and made to the correct payee in 2000.

- 17 -
(b) determine if payments were properly coded to the correct fund and general ledger account; and

Each of the six payments were properly coded to the correct fund and general ledger account in 2000.

(c) determine whether payments received approval from proper authorities.

Inspection of documentation supporting each of the six selected disbursements indicated approvals from the Manager of Richland Parish Communication District in 2000.

Meetings
9. Examine evidence indicating that agendas for meetings recorded in the minute book were posted or advertised as required by LSA-RS 42:1 through 42:12 (the open meetings law).

Richland Parish Communication District is only required to post a notice of each meeting and the accompanying agenda on the door of the district's office building. Management has asserted that such documents were posted and furnished copies of notices supporting such assertion.

Debt
10. Examine bank deposits for the period under examination and determine whether any such deposits appear to be proceeds of bank loans, bonds, or like indebtedness.

We inspected copies of all bank deposit slips for the period under examination and noted no deposits which appeared to be proceeds of bank loans, bonds, or like indebtedness.

Advances and Bonuses
11. Examine payroll records and minutes for 2000 to determine whether any payments have been made to employees which may constitute bonuses, advance, or gifts.

A reading of the minutes of the district for the year 2000 indicated no approval for the payments noted. We also inspected payroll records for the year 2000 and noted no instances that would indicate payments to employees that would constitute bonuses, advances, or gifts.

We were not engaged to, and did not, perform an examination, the objective of which would be the expression of an opinion on management's assertions. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.
This report is intended solely for the use of management of Richland Parish Communication District and the Legislative Auditor, State of Louisiana, and should not be used by those who have not agreed to the procedures and taken responsibility for the sufficiency of the procedures for their purposes. Under Louisiana Revised Statute 24:513, this report is distributed by the Legislative Auditor as a public document.

As a result of planning and performing the compilation with agreed upon procedures, certain matters have come to our attention, that are not reflected in any of the aforementioned reports, which we feel worthy of consideration by management. These matters are presented below:

Compliance

We noted the CDs of $110,150 at Bancorp South were not fully covered by FDIC insurance. Securities by the bank are needed to cover the $10,150 of excess. The District needs to establish monitoring procedures to insure that the excess funds are covered by pledged collateral at the banks. In response to this finding, it is our understanding that you are in the process of getting the pledges taken care of.

As always, we wish to express our appreciation to you for all the courtesy and assistance we received during this year’s audit. Your past history of giving serious consideration to our findings and recommendations is a strong indication of your desire to enhance the District’s financial management function and achieve your goals toward your stewardship over the District’s resources and assets. We hope this year’s comment and recommendation will further assist you in these efforts.

Sincerely,

Oswalt & Zarro
