NOTE #1. NATURE OF ACTIVITIES AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization
Baton Rouge Sickle Cell Anemia Foundation, Inc. (Organization) is a Louisiana non-profit organization who is in continuous need of support from the community because of the continued efforts for research, medical assistance for those who are affected by the disease, and for community awareness and education.

BASIS OF PRESENTATION
The financial statements are presented in accordance with Statement of Financial Accounting Standards No. 116 (SFAS No. 116), "Accounting for Contributions Received and Contributions Made" and Statement of Financial Accounting Standards (SFAS) No. 117, Financial Statements of Not-for-Profit Organizations. SFAS No. 116 requires contributions to be recognized as revenue when they are received or unconditionally pledged. SFAS No. 117, which eliminates the utilization of fund accounting for financial reporting purposes, requires net assets to be classified as either 1) unrestricted, 2) temporarily restricted, or 3) permanently restricted depending on limitations placed on the net assets.

DONATED SERVICES
Volunteers have donated many hours to the Organization's program services and fund-raising campaigns during the year. However, these donated services are not reflected in the financial statements since the services do not require specialized skills. Donated professional services (which include accounting and legal services) are reflected in the statement of activities at their fair value.

Materials and other assets received as donations are recorded and reflected in the accompanying financial statements at their fair values at the date of receipt.

REVENUE RECOGNITION
Contributions are recognized as revenue when they are received or unconditionally pledged.

Conditions - Contributions are recorded as unrestricted as unrestricted, temporarily restricted or permanently restricted support depending on the existence and/or nature of any donor restrictions.

(See Accountant's Compilation Report)
REVENUE RECOGNITION (Continued)
Support that is restricted by the donor is reported as an increase in unrestricted net assets if the restriction expires in the reporting period in which the support is recognized. All other donor-restricted support is reported as an increase in temporarily or permanently restricted net assets, depending on the nature of the restriction. When a restriction expires (that is, when a stipulated time restriction ends or purposes restriction is accomplished), temporarily restricted net assets are classified to unrestricted net assets and reported in the Statement of Activities as net assets released from restrictions. The Organization reports gifts of land, buildings, and equipment as unrestricted support unless explicit donor stipulations specify how the donated assets must be used. Contributions receivable represent amounts committed by donors that have not been received by the Organization.

INCOME TAXES
The Organization is a not-for-profit organization that is exempt from income taxes under section 501(c)(3) of the Internal Revenue Code.

CASH AND CASH EQUIVALENTS
For the purposes of the statement of cash flows, the organization considers all unrestricted highly liquid investments with an initial maturity of three months or less to be cash equivalents.

USE OF ESTIMATES
The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses for the period. Actual results could differ from those estimates.

PROPERTY AND EQUIPMENT
The purchase of property and equipment is recorded at cost. Donations of property and equipment are recorded as support at their estimated fair value. Such donations are reported as unrestricted support unless the donor has restricted the donated asset to a specific purpose. Assets donated with explicit restrictions regarding their use and contributions of cash that must be used to acquire property and equipment are reported as restricted support. Equipment and vehicles are depreciated using the straight-line method over the estimated useful lives.

(See Accountant's Compilation Report)

To the Members of the Board
Baton Rouge Sickle Cell Anemia Foundation

Baton Rouge, LA 70806

I have performed the procedures included in the Louisiana Government Audit Guide and enumerated below, which were agreed to by the management of Baton Rouge Sickle Cell Anemia Foundation and the Legislative Auditor, State of Louisiana, solely to assist the users in evaluating management's assertions about Baton Rouge Sickle Cell Anemia Foundation's compliance with certain laws and regulations during the year ended December 31, 2003, included in the accompanying Louisiana Attestation Questionnaire. This agreed-upon procedures engagement was performed in accordance with standards established by the American Institute of Certified Public Accountants. The sufficiency of these procedures is solely the responsibility of the specified users of the report. Consequently, I make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose.

   State:
   State of Louisiana - Department of Health & Hospitals $72,300

All of the payments were properly coded to the correct fund and general ledger account.

(c) determined whether payments received approval from proper authorities.

Inspection of documentation supporting each of the six selected disbursements indicated approvals from the director.

Meetings

4. Obtained a copy of the legally adopted budget and all amendments.

I obtained a copy of the total games budget filed with the State of Louisiana with the anticipated use of funds and objectives of the project.

I was not engaged to, and did not, perform an examination, the objective of which would be the expression of an opinion on management's assertions. Accordingly, I do not express such an opinion.

Had I performed additional procedures, other matters might have come to my attention that would have been reported to you.

This report is intended solely for the use of management of Baton Rouge Sickle Cell Anemia Foundation and should not be used by those who have not agreed to the procedures and taken responsibility for the sufficiency of the procedures for their purposes. However, this report is a matter of public record and its distribution is not limited.
