INDEPENDENT AUDITORS' REPORT

To the Board of Directors
Hynes Charter School Corporation
New Orleans, Louisiana

We have audited the accompanying statement of financial position of Hynes Charter School Corporation (the School)(a non-profit organization) as of June 30, 2011, and the related statements of activities, functional expenses, and cash flows for the year then ended. These financial statements are the responsibility of the School's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and the significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Hynes Charter School Corporation as of June 30, 2011, and the changes in its net assets and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with Government Auditing Standards, we have also issued our report dated September 26, 2011, on our consideration of the School's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be considered in assessing the results of our audit.

The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations, and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Organization

The Hynes Charter School Corporation (the School) was granted a five year charter by the Orleans Parish School Board in 2006 to provide all students with a safe and diverse learning community by empowering them to be proficient readers, writers, and critical thinkers. The charter was renewed for an additional 6 years effective July 1, 2011. The Hynes Charter School Corporation is a Type 3 Charter School governed by a board of directors.

The Hynes Charter School Corporation is a nonprofit organization exempt from federal and state income tax under Section 501(c)(3) of the United States Internal Revenue Code. Management has evaluated its tax positions and has determined that there are no uncertainties in income taxes that require adjustments to or disclosures in the financial statements.

Financial Statement Presentation

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

The School follows the guidance of not for profit accounting. Under not for profit accounting, the School is required to report information regarding its financial position and activities according to three classes of net assets as follows:

- Unrestricted Net assets which are free of donor-imposed restrictions; all revenues, expenses, gains, and losses that are not changes in permanently or temporarily restricted net assets.
- Temporarily Restricted Net assets whose use by the School is limited by donor-imposed stipulations that either expire by passage of time or that can be fulfilled or removed by actions of the School pursuant to those stipulations.
- Permanently Restricted Net assets whose use by the School is limited by donor-imposed stipulations that neither expire with the passage of time nor can be fulfilled or otherwise removed by actions of the School. There are no permanently restricted net assets as of June 30, 2011.

Also, under not for profit accounting, contributions received are recorded as unrestricted, temporarily restricted, or permanently restricted support depending on the existence and/or nature of any donor restrictions. Restricted net assets are reclassified to unrestricted net assets upon satisfaction of the donor imposed time or purpose restrictions. In addition, the School is required to present a statement of cash flows.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued

Public Support and Revenue

The School's primary source of funding is through the Minimum Foundation Program (MFP) funded by the State Public School Fund and the Orleans Parish School Board. The School receives \$4,115 from the State and \$4,235 from the School Board per eligible student in attendance at the official pupil count date of October 1, each year. MFP revenue accounts for 78% of the School's total support for the year ended June 30, 2011. State and federal grants are on a cost reimbursement basis and account for 13% of the School's total support for the year ended June 30, 2011.

Donated Equipment, Services and Materials

Contributions of donated non-cash assets are recorded at their fair values in the period received. Contributions of donated services that create or enhance nonfinancial assets or that require specialized skills and are provided by individuals possessing those skills, and would typically need to be purchased if not provided by donation, are recorded at their fair values in the period received. The School has recorded \$140,202 as revenue and expense in the statement of activities for use of facilities, equipment, and materials owned by the Orleans Parish School Board.

As part of an operating agreement with the Orleans Parish School Board, Hynes Charter School Corporation is not required to pay a lease on the property which houses the school. The administration has elected not to record the benefit from this transaction on their books.

Cash and Cash Equivalents

For purposes of the statement of cash flows, the School considers all highly liquid investments with an initial maturity of three months or less as cash and cash equivalents.

Grant and Other Receivables

The grant and other receivables are stated at the amount management expects to collect from outstanding balances. The financial statements do not include an estimate for allowance for doubtful accounts. Management believes that all receivables are collectible.

Deferred Revenue

The School obtains payment of a \$75 instructional fee per student at the time of registration, which is in the spring of the current year. Revenues from these fees are recognized in the year in which they are earned. Fees collected in the current year that apply to the subsequent year are deferred. Receivables for instructional fees have not been recorded and have been determined to be uncollectible.

Functional Expense Allocation

Functional expenses are allocated among program expenses and administrative categories based on actual use or management's best estimate.

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued

Restricted and Unrestricted Revenue

Contributions that are restricted by the donor are reported as increases in unrestricted net assets if the restrictions expire (that is, a stipulated time restriction ends or purpose restriction is accomplished) in the reporting period in which the revenue is recognized. All other donor-restricted contributions are reported as increases in temporarily or permanently restricted net assets, depending on the nature of the restrictions. When a restriction expires, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restrictions. Temporarily restricted net assets are composed of cash and contributions received from unrelated third parties that were donated for student activity funds. As the School uses these funds, they are released from restriction.

NOTE B - CONCENTRATION OF CREDIT RISK

The School maintains cash accounts at a local financial institution that may, at times exceed the amount covered by insurance provided by the Federal Deposit Insurance Corporation (FDIC). Under state law, these deposits must be secured by federal deposit insurance or the pledge of securities owned by the financial institution. At June 30, 2011, the balances in excess of FDIC insurance were appropriately covered by pledged securities.

NOTE C - COMPENSATED ABSENCES

Teachers and staff are allowed a maximum of 10 cumulative sick and/or personal days per year. Earned and unused sick and/or personal days are paid to employees at a rate of \$75/day following the School's fiscal year end. The School has accrued for \$17,909 of unpaid leave and \$5,765 of related accrued TRSL benefits as of June 30, 2011.

NOTE D – GRANT AND OTHER RECEIVABLES

Grant and other receivables are deemed to be fully collectible by management and were comprised of the following amounts due at June 30, 2011:

Louisiana Department of Education Title I Title II Educational Excellence Fund	\$ 220,194 27,347 26,797
Total grant receivables	 274,338

NOTE E - RETIREMENT PLAN

Certain employees of the School participate in the Teachers' Retirement System of Louisiana (the System). The System is a cost-sharing, multiple-employer defined benefit pension plan administered by a separate board of trustees. Pertinent information relative to the plan follows.

Plan Description: The System provides retirement benefits as well as disability and survivor benefits. Ten years of service credit are required to become vested for retirement benefits, five years of service credit if the employee reaches age sixty, and five years to become vested for disability and survivor benefits. Benefits are established and amended by state statute. The System issues a publicly available financial report that includes financial statements and required supplementary information for the System. That report may be obtained by writing to the Teachers Retirement System of Louisiana, P.O. Box 94123, Baton Rouge, LA 70804-9123. Funding Policy: Plan members are required to contribute 8% of their annual covered salary. The School is required to contribute at an actuarially determined rate. The current rate is 20.2% of annual eligible covered payroll. Starting July 1, 2011, the System rate will be increased to 23.7%. Member contributions and employer contributions for the System are established by state law, and rates are established by the Public Retirement System's Actuarial Committee. The School's contribution to the System for the year ended June 30, 2011 is \$423,754.

NOTE F - FUNDS RESTRICTED FOR STUDENT ACTIVITIES

The School maintains a separate bank account for student activities. The account is for the collected instructional fees and the Husky Care (before and after-school care program) fees. Restricted student activity funds amounted to \$271,623 at June 30, 2011, and are reported as restricted cash and as temporarily restricted net assets.

NOTE G - RELATED PARTY TRANSACTIONS

During fiscal year 2011, the School had related party expenses totaling \$191,142 with Orleans Parish School Board, the School's Local Educational Agency (LEA).

Shared services, which are the IT services provided by the LEA, account for \$90,895 of the related party expenses. The Louisiana Legislative approved a 2% administrative fee to be paid by all charter schools to the LEA. For the year ended June 30, 2011, the School paid \$84,287 in administrative fees to the LEA.

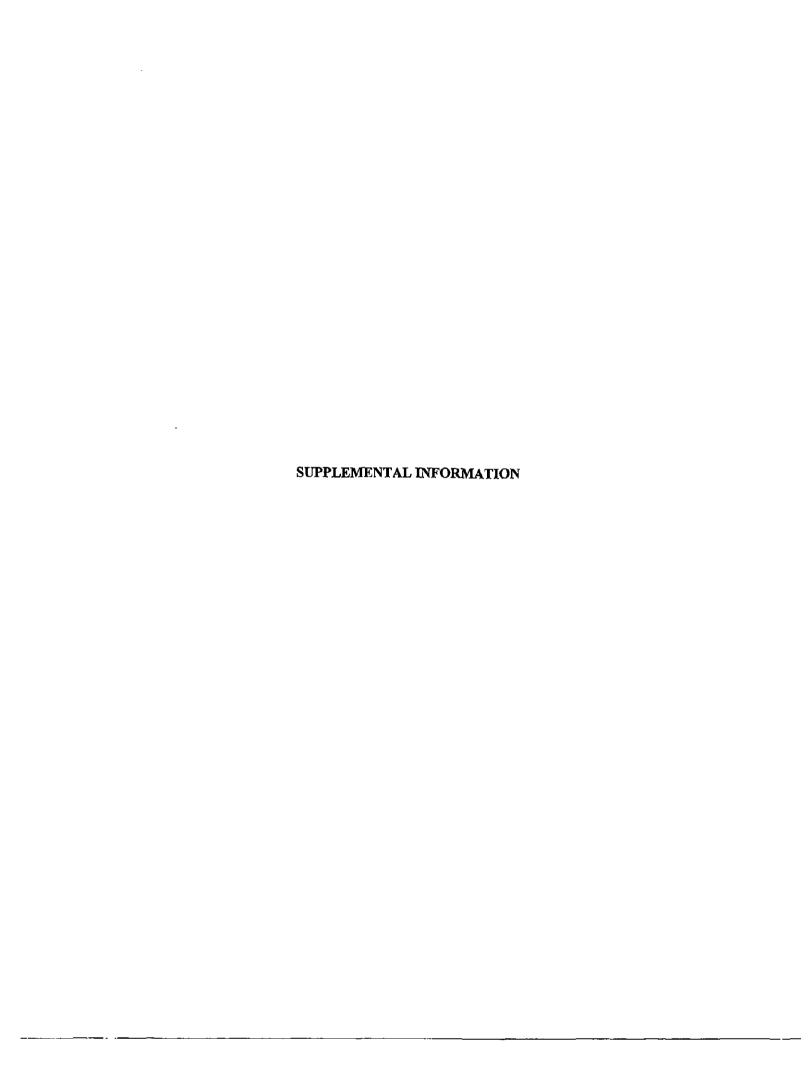

The remaining related party expenses of \$15,960 are for the Food Services provided by the LEA for meals at the School.

NOTE H - COMMITMENTS AND CONTINGENCIES

The School has employment contracts with most of its employees. The contracts for the current year expired June 30, 2011. All contracts provide for a minimum annual salary and other benefits.

NOTE I – SUBSEQUENT EVENTS

Management has evaluated subsequent events through the date that the financial statements were available to be issued, September 26, 2011, and determined that no events occurred that require disclosure. No subsequent events occurring after that date have been evaluated for inclusion of these financial statements.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Directors Hynes Charter School Corporation New Orleans, Louisiana

We have audited the financial statements of Hynes Charter School Corporation (the School) (a non-profit organization) as of and for the year ended June 30, 2011, and have issued our report thereon dated September 26, 2011. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

Internal Control over Financial Reporting

In planning and performing our audit, we considered Hynes Charter School Corporation's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the School's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Hynes Charter School Corporation's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the School's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Hynes Charter School Corporation's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of management, the Board of Directors, the Louisiana Legislative Auditor, the Louisiana Department of Education, the Orleans Parish School Board, others within the entity, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OFFICE OF MANAGEMENT AND BUDGET (OMB) CIRCULAR A-133

To the Board of Directors Hynes Charter School Corporation New Orleans, Louisiana

Compliance

We have audited Hynes Charter School Corporation's (the School) (a non-profit organization) compliance with the types of compliance requirements described in the OMB Circular A-133 Compliance Supplement that could have a direct and material effect on each of the School's major federal programs for the year ended June 30, 2011. The School's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its major federal programs is the responsibility of the School's management. Our responsibility is to express an opinion on Hynes Charter School Corporation's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; and OMB Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the School's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of Hynes Charter School Corporation's compliance with those requirements.

In our opinion, Hynes Charter School Corporation complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2011.

Internal Control Over Compliance

Management of Hynes Charter School Corporation is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered the School's internal control over compliance with the requirements that could have a direct and material effect on a major federal program to determine the auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Hynes Charter School Corporation's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

This report is intended solely for the information and use of management, the Board of Directors, the Louisiana Legislative Auditor, the Louisiana Department of Education, the Orleans Parish School Board, others within the entity, federal awarding agencies, and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

INDEPENDENT ACCOUNTANTS' REPORT ON APPLYING AGREED-UPON PROCEDURES

To the Board of Directors
Hynes Charter School Corporation
New Orleans, Louisiana

We have performed the procedures included in the Louisiana Governmental Audit Guide and enumerated below, which were agreed to by the management of Hynes Charter School Corporation and the Legislative Auditor, State of Louisiana, solely to assist users in evaluating management's assertions about the performance and statistical data accompanying the annual financial statements of Hynes Charter School Corporation and to determine whether the specified schedules are free of obvious errors and omissions as provided by the Board of Elementary and Secondary Education (BESE). Management of Hynes Charter School Corporation is responsible for its performance and statistical data. This agreed-upon procedures engagement was performed in accordance with standards established by the American Institute of Certified Public Accountants and Government Auditing Standards. The sufficiency of these procedures is solely the responsibility of the specified users of the report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose.

Our procedures and findings relate to the accompanying schedules of supplemental information and are as follows:

General Fund Instructional and Support Expenditures and Certain Local Revenue Sources (Schedule 1)

- 1. We selected a random sample of 25 transactions and reviewed supporting documentation to determine if the sampled expenditures/revenues are classified correctly and are reported in the proper amounts for each of the following amounts reported on the schedule:
 - Total General Fund Instructional Expenditures
 - Total General Fund Equipment Expenditures
 - Total Local Taxation Revenue
 - Total Local Earnings on Investment in Real Property
 - Total State Revenue in Licu of Taxes
 - Nonpublic Textbook Revenue
 - Nonpublic Transportation Revenue

Education Levels of Public School Staff (Schedule 2)

- 2. We reconciled the total number of full-time classroom teachers per the schedule "Experience of Public Principals, Assistant Principals, and Full-time Classroom Teachers" (Schedule 4) to the combined total number of full-time classroom teachers per this schedule and to school board supporting payroll records as of October 1.
- 3. We reconciled the combined total of principals and assistant principals per the schedule "Experience of Public Principals and Full-time Classroom Teachers" (Schedule 4) to the combined total of principals and assistant principals per this schedule.
- 4. We obtained a list of full-time teachers, principals, and assistant principals by classification as of October 1 and as reported on the schedule. We traced a random sample of 5 teachers to the individual's personnel file and determine if the individual's education level was properly classified on the schedule.

Findings: None

Number and Type of Public Schools (Schedule 3)

5. We obtained a list of schools by type as reported on the schedule. We compared the list to the schools and grade levels as reported on the Title 1 Grants to Local Educational Agencies (CFDA 84.010) application and/or the National School Lunch Program (CFDA 10.555) application.

Findings: None

Experience of Public Principals, Assistant Principals, and Full-time Classroom Teachers (Schedule 4)

6. We obtained a list of full-time teachers, principals, and assistant principals by classification as of October 1 and as reported on the schedule and traced the same sample used in procedure 4 to the individual's personnel file and determined if the individual's experience was properly classified on the schedule.

Findings: None

Public School Staff Data (Schedule 5)

7. We obtained a list of all classroom teachers including their base salary, extra compensation, and ROTC or rehired retiree status as well as full-time equivalent as reported on the schedule and traced a random sample of 5 teachers to the individual's personnel file and determined if the individual's salary, extra compensation, and full-time equivalents were properly included on the schedule.

Findings: None

8. We recalculated the average salaries and full-time equivalents reported in the schedule.

Findings: None

Class Size Characteristics (Schedule 6)

9. We obtained a list of classes by school, school type, and class size as reported on the schedule and reconciled school type classifications to Schedule 3 data, as obtained in procedure 5. We then traced a random sample of 10 classes to the October 1 roll books for those classes and determined if the class was properly classified on the schedule.

Findings: None

<u>Louisiana Educational Assessment Program (LEAP)</u> (Schedule 7)

10. We obtained test scores as provided by the testing authority and reconciled scores as reported by the testing authority to scores reported in the schedule by Hynes Charter School Corporation.

Findings: None

Graduation Exit Exam (GEE) (Schedule 8)

11. We obtained test scores as provided by the testing authority and reconciled score as reported by the testing authority to scores reported in the schedule by Hynes Charter School Corporation.

Findings: Not applicable

iLEAP Tests (Schedule 9)

12. We obtained test scores as provided by the testing authority and reconciled scores as reported by the testing authority to scores reported in the schedule by Hynes Charter School Corporation

Findings: None

We were not engaged to, and did not perform an examination, the objective of which would be the expression of an opinion on management's assertions. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the use of management, the Board of Directors, the Louisiana Legislative Auditor, the Louisiana Department of Education, and the Orleans Parish School Board, and should not be used by those who have not agreed to the procedures and taken responsibility for the sufficiency of the procedures for their purposes. Under Louisiana Revised Statute 24:513, this report is distributed by the Legislative Auditor as a public document.

Note: Figures reported include all sources of funding (i.e., federal, state, and local) but exclude stipends and employee benefits. Generally, retired teachers rehired to teach receive less compensation than non-retired teachers; some teachers may have been flagged has receiving reduced salaries (e.g., extended medical leave); and ROTC teachers usually receive more compensation because of a federal supplement. For these reasons, these teachers are excluded from the computation in the last column. This schedule excludes day-to-day substitutes, temporary employees, and any teachers on sabbatical leave during any part of the school year.

Combination Activity Classes	T					_		

Note: The Board of Elementary and Secondary Education has set specific limits on the maximum size of classes at various grade levels. The maximum enrollment in grades K-3 is 26 students and maximum enrollment in grades 4-12 is 33 students. These limits do not apply to activity classes such as physical education, chorus, band, and other classes without maximum enrollment standards. Therefore, these classes are included only as separate line items.
