**Management's Discussion and Analysis (MD&A)**

This section of the District Attorney of the Second Judicial District's (hereafter referred to as the District Attorney) annual financial report presents an overview and analysis of the District Attorney's financial activities for the year ended December 31, 2010. The intent of the MD&A is to look at the District Attorney's financial performance as a whole. It should, therefore be read in conjunction with this report. Certain comparative information is presented to provide an overview of the District Attorney's operations.

Financial Highlights

This annual report consists of a series of financial statements. The Statement of Net Assets and the Statement of Activities provide information about the activities of the District Attorney as a whole and presents a longer-term view of the District Attorney's finances. These statements tell how these services were financed in the short-term as well as what remains for future spending.

**Government-Wide Financial Statements**

- The Statement of Net Assets presents all of the District Attorney's assets and liabilities, with the difference between the two reported as "net assets". Over time, increases or decreases in the District Attorney's net assets may serve as a useful indicator of whether the financial position of the District Attorney is improving or deteriorating.
- The Statement of Activities presents information showing how the District Attorney's net assets changed during the current year. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of the related cash flows. Therefore, some revenues and some expenses that are reported in this statement will not result in cash flows until future years.

**Fund Financial Statements**

The services provided by the District Attorney are financed through governmental funds. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District Attorney, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. The District Attorney conducts its day-to-day operations through a governmental fund, the General Fund. There are also two special revenue funds, the Title IV-D and Worthless Check Funds. The District Attorney also maintains two fiduciary funds, the Asset Forfeiture and Bond Forfeiture Funds. As the Fiduciary Funds are simply funds held for other parties and cannot be used for any of the District Attorney's activities, they are not included in the government-wide statements, but are separately reported in the statement of the Fiduciary Funds. These statements provide a short-term view of the District Attorney's finances and assists in determining whether there will be adequate financial resources available to meet the current needs of the District Attorney.

A summary of the basic government-wide financial statements is as follows:

### INDEPENDENT AUDITOR'S REPORT

To the Honorable Jonathan Stewart, District Attorney  
Second Judicial District  
100 Courthouse Drive, Room 103  
Arcadia, LA 71001-3600

We have audited the accompanying financial statements of the governmental activities, each major fund, the fiduciary funds, and the aggregate remaining fund information of the District Attorney of the Second Judicial District of Louisiana (District Attorney) as of and for the year ended December 31, 2010, which collectively comprise the District Attorney's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the District Attorney's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States and the *Louisiana Governmental Audit Guide*. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and the significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, the fiduciary funds, and the aggregate remaining fund information of the District Attorney, as of December 31, 2010, and the respective changes in financial position thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated June 16, 2011, on our consideration of the District Attorney's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over

financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 1 through 4 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the management's discussion and analysis in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. The introductory section has not been subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we do not express an opinion or provide any assurance on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District Attorney's financial statements as a whole. The budgetary comparison listed as other required supplemental information in the table of contents is presented for purposes of additional analysis and is not a required part of the basic financial statements. The budgetary comparison statement is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

## NOTES TO FINANCIAL STATEMENTS

District Attorney of the Second Judicial District  
Parishes of Bienville, Claiborne and Jackson, Louisiana  
Notes to Financial Statements  
December 31, 2010

Introduction:

The Second Judicial District is comprised of the parishes of Bienville, Claiborne and Jackson located in northeast Louisiana. As provided by Article V, Section 26 of the Louisiana Constitution of 1974, the District Attorney has charge of criminal prosecution by the State in his district, is the representative of the State before the grand jury in his district, and is legal advisor to the grand jury. He performs other duties as provided by law. The District Attorney is elected by the qualified electors of the judicial district for a term of six years.

1. Summary of Significant Accounting Policies:

A. Reporting Entity-

Governmental Accounting Standards Board Statement No. 14 established criteria for determining the governmental reporting entity and component units that should be included within the reporting entity. The basic criterion for including a potential component unit within the reporting entity is financial accountability. For financial reporting purposes, in conformance with GASB Statement No. 14, the District Attorney of the Second Judicial District includes all funds that are within the oversight responsibility of the District Attorney. Oversight responsibility is determined on the basis of appointment of governing organization's relationship with the primary government. Based on consideration of the foregoing criteria, the District Attorney is deemed to be a separate reporting entity. Certain units of local government over which the District Attorney exercises no oversight responsibility, such as the parish police jury, parish school board, other independently-elected officials, and municipalities within the parish, are excluded from the accompanying financial statements. These units of government are considered separate reporting entities and issue financial statements separate from those of the District Attorney.

B. Basis of Presentation-

Government-Wide Financial Statements (GWFS)

The Statement of Net Assets and Statement of Activities report information about the reporting government as a whole. They include all funds of the reporting entity except for the fiduciary funds. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities generally are financed through fees and charges, intergovernmental revenues, and other non-exchange revenues.

The Statement of Activities presents a comparison between direct expenses and program revenues for each function of the District Attorney's governmental activities. Direct expenses are those that are specifically associated with a program or function. Program revenues include (a) fees and charges paid by the recipient for goods or services offered by the program, and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues are presented as general revenues.

District Attorney of the Second Judicial District  
Parishes of Bienville, Claiborne and Jackson, Louisiana  
Notes to Financial Statements  
December 31, 2010

C. Fund Accounting-

The accounts of the District Attorney are organized on the basis of funds. A fund is an independent fiscal and accounting entity with a separate set of self-balancing accounts. Fund accounting segregates funds according to their intended purpose and is used to aid management in demonstrating compliance with finance-related legal and contractual provisions. The minimum number of funds maintained is consistent with legal and managerial requirements.

The District Attorney maintains five funds. They are categorized as governmental funds and fiduciary funds. The emphasis on fund financial statements is on major governmental and enterprise funds; each displayed in a separate column. A fund is considered major if it is the primary operating fund of the entity or if its total assets, liabilities, revenues, or expenditures/expenses of that individual governmental fund are at least 10 percent of the corresponding total for all funds of that category or type.

The funds of the District Attorney are described below:

Governmental Funds

Governmental funds account for the District Attorney's general activities, including the collection and disbursement of specific or legally restricted monies, and the acquisition of general fixed assets. Governmental funds of the District Attorney include:

General Fund

The General Fund was established in compliance with Louisiana Revised Statute 15:571.11, which provides that a percentage of the fines collected and bonds forfeited be transmitted to the District Attorney to defray the necessary expenditures of his office.

Special Revenue Funds

Special Revenue Funds are used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes.

Major Special Revenue Fund

Title IV-D

The Title IV-D Fund accounts for receipt and expenditure of federal reimbursement grants passed through the Louisiana Department of Social Services, authorized by Act 117 of 1975, to establish family and child support programs compatible with Title IV-D of the social security act. The purpose of the program is to enforce the support obligation owed by absent parents to their families and children, to locate absent parents, to establish paternity, and to obtain family and child support.

District Attorney of the Second Judicial District  
Parishes of Bienville, Claiborne and Jackson, Louisiana  
Notes to Financial Statements  
December 31, 2010

Nonmajor Special Revenue Fund

Worthless Check

The Worthless Check Collection Fee Fund accounts for revenues derived from the fees collected in accordance with Louisiana Revised Statute 16:15, which provides for a specific fee whenever the District Attorney's office collects and processes a worthless check. Expenditures from this fund are at the sole discretion of the District Attorney and may be used to defray the salaries and the expenses of the Office of the District Attorney but may not be used to supplement the salary of the District Attorney.

Fiduciary Funds

Fiduciary Funds are used to account for assets held by the District Attorney in a trustee capacity or as an agent for individuals, private organizations, other governments, and/or other funds. Fiduciary Funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations. Since by definition these assets are being held for the benefit of a third party and cannot be used to address activities of the District Attorney, these funds are not incorporated into the government-wide statements.

D. Measurement Focus/Basis of Accounting-

Basis of accounting refers to when revenues or expenditures/expenses are recognized in the accounts and reported in the financial statements. It relates to the timing of the measurements made regardless of the measurement focus applied.

Accrual Basis - Government-Wide Financial Statements (GWFS)

The Statement of Net Assets and the Statement of Activities display information about the District Attorney's office as a whole. Both of these statements have been prepared using the economic measurement focus and the accrual basis of accounting. Revenues, expenses, gains, losses, assets, and liabilities resulting from exchange and exchange-like transactions are recognized when the exchange takes place.

Modified Accrual Basis - Fund Financial Statements (FFS)

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. Governmental fund types use the flow of current financial resources measurement focus and the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recorded when susceptible to accrual; i.e., when they are both measurable and available. "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to pay liabilities of the current period. The District Attorney considers all revenues "available" if they are collected within 60 days after year-end. Expenditures are generally recorded under the modified accrual basis of accounting when the related

liability is incurred. The exceptions to this general rule are that (1) unmatured principal and interest on long-term debt, if any, are recorded when due and (2) claims and judgments and compensated absences are recorded as expenditures when paid with expendable available financial resources.

E. Cash and Interest-Bearing Deposits-

For purposes of the Statement of Net Assets, cash and cash equivalents include all interest-bearing and demand accounts of the District Attorney.

F. Capital Assets-

Capital assets, which include property, plant, and equipment, are reported in the governmental activities column in the government-wide financial statements. Capital assets are capitalized at historical cost or estimated cost if historical cost is not available. Donated assets are recorded as capital assets at their estimated fair market value at the date of donation. The District Attorney maintains a threshold level of \$1,000 or more for capitalizing assets.

The costs of normal maintenance and repairs that do not add to the value of that asset or materially extend the life of that asset are not capitalized.

Depreciation of all exhaustible capital assets is recorded as an expense in the Statement of Activities, with accumulated depreciation reflected in the Statement of Net Assets. Depreciation is provided over the assets' estimated useful lives using the straight-line method of depreciation.

The range of useful lives by type of asset is as follows:

Furniture, Fixtures & Equipment	5 years
Vehicles	5 years

In the fund financial statements, capital assets used in governmental fund operations are accounted for as capital outlay expenditures of the governmental fund upon acquisition.

G. Equity Classifications-

In the government-wide statements, equity is classified as net assets and displayed in three components:

- a. Invested in capital assets, net of related debt - consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.

Parishes of Bienville, Claiborne and Jackson, Louisiana  
Notes to Financial Statements

- b. Restricted net assets - consists of net assets with constraints placed on their use either by (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments; or (2) law through constitutional provision or enabling legislation.
- c. Unrestricted net assets - all other net assets that do not meet the definition of "restricted" or "invested in capital assets, net of related debt".

In the fund statements, governmental fund equity is classified as fund balance. Fund balance is further classified as reserved and unreserved, with unreserved further split between designated and undesignated.

H. Estimates-

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America, requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statement and the reported amounts of revenue, expenditures, and expenses during the reporting period. Actual results could differ from those estimates.

I. Budget-

Prior to the beginning of each fiscal year, the District Attorney adopts a budget for the next fiscal year. The budget is open for public inspection. All budgetary appropriations lapse at the end of the fiscal year. The budget is prepared on the modified accrual basis of accounting.

2. Cash and Cash Equivalents:

For reporting purposes, cash and cash equivalents include demand deposits, time deposits, and certificates of deposit. At December 31, 2010, the District Attorney had cash and cash equivalents (collected bank balances) totaling \$226,850. Cash and cash equivalents are stated at cost, which approximates market. Under Louisiana law, these deposits must be secured by federal deposit insurance or the pledge of securities owned by the bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the bank. The amount on deposit at December 31, 2010, was fully secured by FDIC insurance.

3. Compensated Absences:

Employees earn from two weeks to five weeks of vacation leave annually, depending upon length of service; vacation leave does not accumulate. Employees earn twelve days of sick leave annually; sick leave may not be accumulated. Therefore, no entry is made for compensated absences.

### REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the Honorable Jonathan Stewart, District Attorney  
Second Judicial District  
100 Courthouse Drive, Room 103  
Arcadia, LA 71001-3600

We have audited the financial statements of the governmental activities, each major fund, the fiduciary funds, and the aggregate remaining fund information of the District Attorney of the Second Judicial District of Louisiana (District Attorney) as of and for the year ended December 31, 2010, which collectively comprise the District Attorney's basic financial statements and have issued our report thereon dated June 16, 2011. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

#### Internal Control over Financial Reporting

In planning and performing our audit, we considered the District Attorney's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District Attorney's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the District Attorney's internal control over financing reporting.

A deficiency in internal control exists when the design or operations of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal controls such that there is a reasonable possibility that a material misstatement of the District Attorney's financial statements will not be prevented, or detected and corrected on timely basis.

Our consideration of the internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District Attorney's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

The report is intended solely for the information and use of the District Attorney's management, the Louisiana Legislative Auditor, and interested state and federal agencies, and is not intended to be and should not be used by anyone other than these specified parties. However, under Louisiana Revised Statute 24:513, this report is distributed by the Legislative Auditor as a public document.
