As required by Louisiana Revised Statute 24:513, we conducted certain procedures at the Northshore Technical College for the period from July 1, 2009, through June 30, 2010.

- Our auditors obtained and documented a basic understanding of the Northshore Technical College's operations and system of internal controls through inquiry, observation, and review of the college's policies and procedures documentation including a review of the related laws and regulations applicable to the college.
- Our auditors performed analytical procedures consisting of a comparison of the most current and prior year financial activity using the college's annual fiscal report and/or system generated reports and obtained explanations from college management for any significant variances.
- Based on the documentation of the college's controls and our understanding of related laws and regulations, procedures were performed on the college's cash receipts, movable property, payroll and related benefits, and certain nonpayroll expenditure transactions (operating services and supplies).

Based on the application of these procedures, we found no significant control deficiencies, noncompliance, or errors relating to our analytical procedures or our procedures on cash receipts, movable property, payroll and related benefits, or certain nonpayroll expenditure transactions (operating services and supplies) that should be communicated to management.

Our procedures were more limited than would be necessary to give an opinion on internal control and on compliance with laws, regulations, policies, and procedures governing financial activities.

The Annual Fiscal Report of the Northshore Technical College was not audited or reviewed by us, and, accordingly, we do not express an opinion on that report. The college's accounts are an integral part of the Louisiana Community and Technical College System's financial statements, upon which the Louisiana Legislative Auditor expresses opinions.

This procedural report is intended for the information and use of the college and its management, others within the college, and the Louisiana Legislature. Under Louisiana Revised Statute 24:513, this report is distributed by the Legislative Auditor as a public document.

Respectfully submitted,

Daryl G. Purpera, CPA, CFE
Legislative Auditor
